

Pontoon and Deck Boats

PRINCECRAFT®

The More You Know The Better We Look

2003 Edition

THE BEST-BUILT PONTOON AND DECK BOATS THROUGHOUT THE LAND AND WATER

Pontoon and deck boats provide entire families with all the room they need to create lifelong memories together. However, building spacious boats that are also lightweight and maneuverable requires incredible feats of engineering.

At Princecraft we design and redesign everything, and as a result we've developed a reputation for pioneering the latest advances. That's why our styling, comfort and performance set the standards by which everyone else measures fit and finish in aluminum boats.

For nearly 50 years, we have perfected a painstaking manufacturing process whose improvements are not designed to help us build boats faster — but better. A process that demonstrates our relentless desire to make every inch of every pontoon and deck boat the absolute best.

Assembly is done to such incredibly strict tolerances, every model is virtually identical. No other company builds boats this way. Which is why we manufacture the most durable, high-performance boats, with the most stylish and innovative options.

So whether you're cruising, fishing, camping, waterskiing or enjoying a floating picnic aboard a Princecraft Pontoon or Deck Boat, you're doing it in unmatched comfort and style. It's why Princecraft owners are the most satisfied on the water. And why we say, the more you know the better we look.

THE BEST BOATS OFFER THE BEST WARRANTY

As testimony to our ability to craft great boats, we offer Princecraft owners what we believe is the best Protection Plan in the industry. It's essentially your assurance our boats are built every bit as good as we say they are, and covers everything from hulls to canvas enclosures. It's just more peace of mind built into every Princecraft boat.

ALL PRINCECRAFT PONTOON AND DECK BOATS OFFER:

- **Limited lifetime coverage** against defects in material or workmanship for all main riveted/welded hull seams defined as hull sides to bottom chine, transom to hull sides and to bottom, all pontoon main seam welds including pontoon assembly, deck risers, railings and motor mounts.*
- **10-year coverage** on all other deck boat hull aluminum components for defects and material or workmanship.
- **1-year coverage** of component parts manufactured or installed by Princecraft as well as those not manufactured by Princecraft — gauges, dash panels, steering components, hardware, pumps, windshields, fuel tanks, etc.
- **Limited lifetime coverage** to replace any wood floor parts free of charge for materials and a period of 5 years for labor.
- Carpet and vinyl upholstery warranted from failure due to excessive fading or defects in material or workmanship for **5 years**.
- Canvas fabric warranted against excessive loss of color for **5 years**.

*Except for pontoons equipped with Performance Packages which are warranted for a period of 1 year.

For more details on the best warranty around, see your nearest dealer.

DEEPER AND WIDER DECK BOAT HULLS

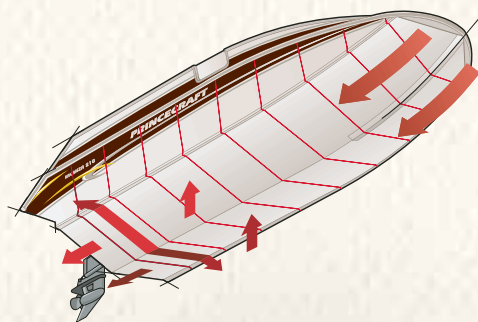

INTEGRATED SIDE PANELS

Our Vacanza deck boats include these fully integrated side panels — as opposed to traditional “fencing” — giving our boats sleeker styling and added structural integrity. You get the smooth finish of fiberglass without the extra load. Since fiberglass is up to 50% heavier than aluminum, you get great styling and exceptional performance.

A wider, deeper-vee hull has benefits above and below the surface.

Each Princecraft deck boat hull is designed with a wider, deeper-vee hull. This bottom design gives our boats greater load capacity and makes them amazingly stable while underway or idling. In addition, a deeper vee cuts through rough water better — with less pounding. And when you build a boat with a better hull, it can handle the power of larger, faster engines. That's why Princecraft boats hold some of the highest horsepower ratings.

Through years of testing and innovations, our new generation of hull design provides a level of durability and performance unheard of a few years ago. Its genius is a combination of superior design features and our unique fabrication process.

MERCURY ENGINES

If only you could wield this much power on land

There's little reason to buy the best aluminum boat if you don't team it with the best engine. Princecraft is proud to package legendary Mercury® and MerCruiser® performance with each model. Whether you want a two or a four stroke, outboard or a stern drive — Mercury Marine provides unmatched quality, reliability and power. From direct-injection two-stroke OptiMax® outboards for low emissions and fuel efficiency to electronic-fuel-injected four-stroke engines for a greater degree of clean, quiet operation.

We also offer Mercury FourStrokes featuring our exclusive BigFoot™ lower units which provide excellent maneuverability at lower speeds and horsepowers — the perfect complement to Princecraft Pontoon Boats. And, of course, Mercury backs all of its engines with the most comprehensive parts availability and service support in the industry.

EVERYTHING YOU NEED IS IN THE PACKAGE, JUST ADD WATER

Princecraft aluminum deck boats offer everything you could want — space and performance. And because fiberglass is up to 50% heavier than aluminum, our deck boats are easier and require less horsepower to trailer. In addition, aluminum boats are much faster out of the hole, and offer greater performance and agility with less marine horsepower.

Plus, aluminum deck boats are maintenance-free, enabling you to beach your boat on sandy or rocky shores without having to retouch your hull finish.

Full-length
sun deck

Integrated
swim platforms
with ladder

Pop-up privacy
enclosure

Roto-Cast furniture bases

Plush upholstery

Large storage compartments

Ergonomically-designed helm station

**Built-in fuel system
(189 L/50 U.S. gal.)**

Smooth side panels

Innovative deeper vee hull design

Move to the rhythm of the waves. Or crank your favorite music on the weather-protected 120-watt stereo with CD.

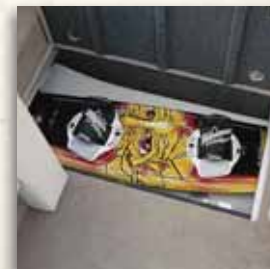

A convenient privacy enclosure allows you to prevent frequent trips to shore and stows easily when not in use.

A deluxe helm console is also standard. It features a thermoformed wood-grain panel, state-of-the-art Pilot™ multifunction digital gauge and lighted switches.

There's plenty of room for skis and other gear in the spacious storage compartments.

VACANZA 240V I/O
Shown in Black

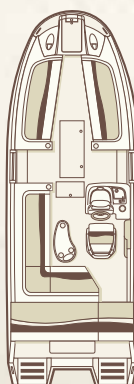

1. A built-in livewell (86 L/23 U.S. gal.) on our 242V model features everything you'll need to keep your catch healthy and alive.
2. As beautiful as it is functional, the bow section in our 240V includes two flush-mounted halogen docking lights, built-in anchor storage and telescoping landing ladder.

HOW YOU ARRIVE COMPLETELY ECLIPSES WHEN

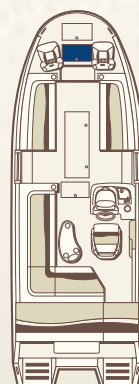

VACANZA 242V I/O
Shown in Dark Mauve

You can feel a boat-builder's commitment to engineering in every wave. That's why our deeper-vee hull is so important to your fun on the water. From skiing to fishing, cruising to lounging in the sun, our Vacanza deck boats offer versatility with durability. And they do it all with a sense of style.

OPTIONAL EQUIPMENT

1. 180-watt AM/FM stereo with CD

2. Bow cushions

3. Pedestal-mount oval snack table*

4. Chemical marine toilet*

5. Privacy enclosure

6. Tilt-steering wheel

7. Yellow accent graphic

8. Ski bar

9. Docking lights

10. Swim platform

1. This 180-watt AM/FM stereo with CD is an option most people can't live without. Listen to all of your favorite music or catch up on the latest weather report.
2. These bow lounge cushions convert the boat's bow into a sun lounge, and stow easily when not in use. (Available on all models except Ventura 191)
3. The optional pedestal-mount snack table with drink holders is easily stowed and comes in either an oval or rectangle.*
4. A chemical marine toilet provides you the added convenience for overnights or weekends aboard. It comes complete with holding tank and pump-out system.*
5. On Ventura models, a removable privacy enclosure makes for a handy changing room and stows easily when not in use.
6. A tilt-steering wheel allows for easy adjustments from driver to driver, and makes it easier to steer from a standing position. (Ventura models only)
7. This vibrant yellow accent graphic can give you and your boat a more sporty, tropical appearance. (Vacanza models only)
8. A stainless steel optional ski bar is welded and bolted to the boat's main structure for maximum strength. (Shown on an outboard model)
9. Docking lights come in very handy for early morning or late evening docking maneuvers.
10. An extra-wide swim platform is the perfect accessory for swimming, skiing, tubing or even fishing from your Ventura boat. (Stern drive models only)

* Available on select models.

FEATURES AND OPTIONS

CUSTOM-MATCHED TRAILERS

Because our custom-made deck boat trailers fit your boat's hull precisely, loading and unloading is much easier. Our fenders also feature integrated step pads to make climbing in and out easier while the boat is on its trailer. Our trailers also come with standard swing tongues to help maximize your available storage space. And their heavy-duty design, high load capacity and radial tires give you peace of mind when trailering for any distance.

CUSTOM-FITTED CANVAS

With a full-camper enclosure your deck boat becomes a cottage. And nobody does canvas enclosures better than Princecraft. Because we bring the same attention to detail to your enclosure as we do the rest of your boat. Complete, easy-to-assemble canvas enclosures are perfect for foul weather and extending your boating season, too.

Color-coordinated to your boat, this double-bimini top design works as a full-length sun shade. Add the front, side and aft curtains and you've got an enclosed shelter. When not in use it stows easily. (Available on the Ventura 190, 221V, 222V and all the Vacanza models.)

Half-camper enclosures allow operation of the boat in foul weather, and can also act as a mooring cover. The cover protects the whole boat from the elements while allowing access to the mid-ship area. (Available on all models except Ventura 191 and Vacanza Wake Xpress)

Custom-fitted mooring covers available on all models keep rain and dew outside and everything dry inside.

Every Princecraft boat is fitted with fasteners for canvas tops at the factory. By using the same precise specs to position the fasteners, your top fits perfectly at every snap. So, there's never a hassle putting it up, taking it down or getting it taken care of should you have a problem.

TRIPLE PONTOON PERFORMANCE

Since Princecraft makes the best-built pontoon boats running, you can choose the optional Performance Package with confidence. The Performance Package offers all the space you want in a pontoon with enhanced speed and performance. You may want to waterski, or simply get across the lake faster. And at increased speeds you'll be glad your Princecraft Pontoon is engineered so well. Our Performance Package includes a third log for greater floatation and engine capacity, under-deck spray shield, lifting strakes and hydraulic steering.

IT'S ALL THE PERMISSION YOU NEED TO LIVE A LITTLE

With the possible exception of cruise ships on the high seas, no vessel ever created promises more fun and togetherness than a pontoon boat. Large enough for all of your family, friends, and their friends, a pontoon boat is an island of great times on your favorite waterway.

And naturally, any experience you want to do with others is better when shared in the best pontoons available. Take the pontoons themselves, what could be more straightforward? Yet we engineer our pontoon logs to offer added security and ride smoother. It's simply one example of our obsessive quest for perfection.

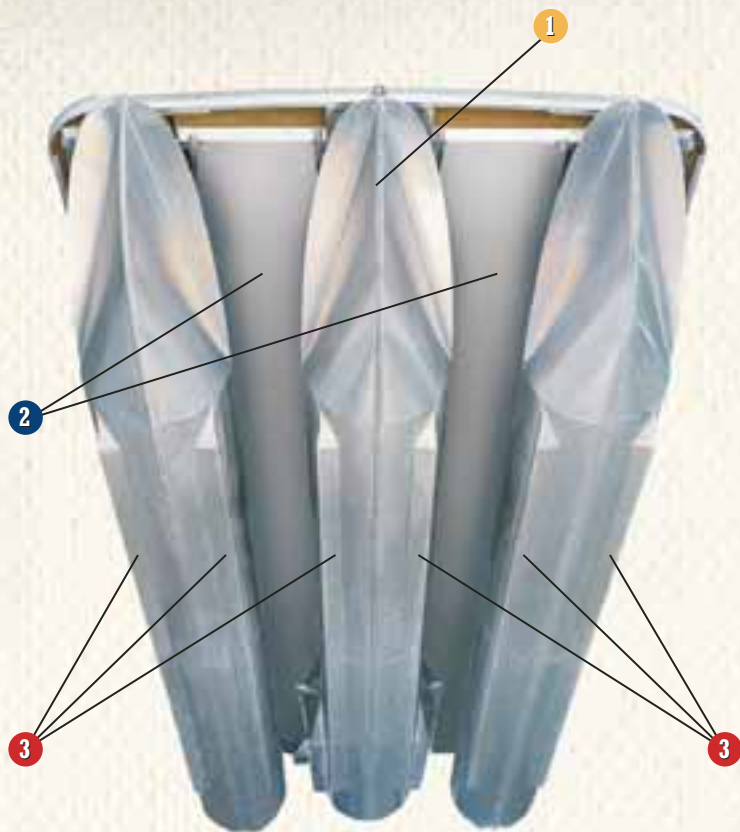

And you can see it in every detail from the flooring to the top enclosure. In every pontoon model that bears the Princecraft name. From our luxurious Versailles models, to our recreational Sportfisher Series, to our versatile Vantage models and affordable Vectras.

* N.M.M.A. (USA)/Manufacturer's recommendations o Option

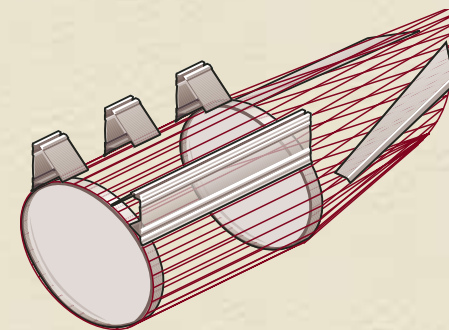

ANCE PACKAGE

1. A third pontoon log improves the stability and performance and greatly increases the load and power capacities.
2. An under-deck spray shield provides a smoother ride by preventing waves from hitting the cross channels. A lifesaver in rough water.
3. Lifting strakes optimize performance by significantly reducing the surface area of the pontoon logs in the water, especially at higher speeds.

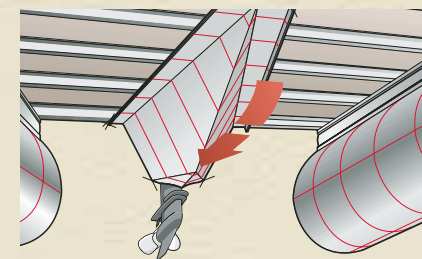

LARGER-DIAMETER PONTON LOGS

Our pontoon logs are larger in diameter — 23 and 25 inches — and round, not oval, for better floatation, higher load capacity and top-end speed. Special watertight chambers with sealed bulkheads provide added safety.

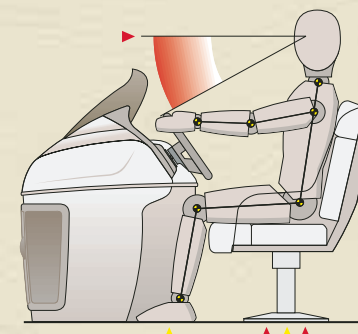

ENGINE POD

Our V-shaped engine pod keeps your outboard at the optimal running height while its hydrodynamic shape cuts through the water, eliminating the banging common to most other designs.

HELMS AND FURNITURE

In order to let the good times keep rolling, you need to be comfortable. So we take great care in designing ergonomical helms for increased leg room, more comfort and make sure all controls are within easy reach. Seats are designed with wider bases and higher backs for more room and comfort throughout an entire day cruising. We add up to three layers of different foam density, which helps furniture, look more attractive, keep its plush shape and provide you years of comfort.

PULL-OUT BED

On select Versailles models you can choose an optional pull-out sleeper bed. Use it for sunning or overnight, then stow it easily away.

THE MOST LUXURIOUS WAY TO LEAVE CIVILIZATION BEHIND

First class is no longer reserved just for air travel. Our Versailles Series pontoons stand as the crowning achievement to our abilities as boat-builders. Every feature, every nuance is designed for uncompromising comfort, style and dependability. All of which enriches every moment you spend in its plush embrace.

THE REASONS TO OWN ONE GO BEYOND LOGIC

Our Vantage Series pontoons — like all Princecraft boats — come with enough better-built features and amenities to help make your purchase rational and reasonable. But there's also something that strikes a nerve, something unexplainable that just feels right about making one of our Vantage models the newest member of your family. It's okay, other Princecraft owners understand completely.

within easy reach for added
comfort and safety.

You'll need plenty of storage
for all the people who are sure
to want to come along. Our
Vantage models offer lots of
underseat space.

Look at the thickly molded
cushioning on our seats.
It's all designed for years and
years of comfort.

Standard features on our
Vantage models are convenient
walk-thru rear gates with
ladders for easy boarding.

VANTAGE 22 L
Shown in Cabernet Red

The Vantage 22 comes with a large privacy enclosure standard, and offers plenty of convenience, whether you want to change clothes as the weather does, or to use the optional head compartment. The chemical toilet is great for overnights or extended weekends and comes complete with a holding tank and pump-out system.

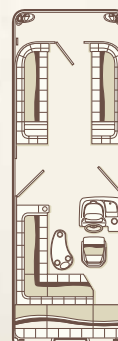

EVEN AT 24 FEET, IT WILL HELP YOU GET CLOSER TO YOUR FAMILY

AND WOMEN SAY MEN CAN'T COMMIT TO ANYTHING

Fishing from the deck of a well-crafted pontoon is an experience that ranks right up there with 50-yard-line football tickets for most men. With room for all of your gear, and the incredible amount of space it offers each individual.

We added some great fishing features and super-comfortable seats to which all guys say yes, yes, yes.

SPORTFISHER 20
Shown in Cabernet Red

1. A 26-in. (39 L/10-U.S. gal.) electric-fill, aerated livewell with post overflow and anti-spill cover is ready and awaiting your catch.
2. An optional half-camper enclosure — including fishing seat covers — keeps sun or rain out, yet allows plenty of room for fishing in the bow and stern.

OPTIONAL EQUIPMENT

1. A bow gate seat can convert your bow seating into a U-shaped lounge for added seating and style.*
2. Know what's going on down there with a state-of-the-art Lowrance X-51 fish/depth finder.*
3. Bow sun cushions fold out to form a spacious lounge, and stow easily when not in use.*
4. Listening to a 180-watt AM/FM stereo with CD only makes the enjoyment of your pontoon better with every song.
5. On select models an optional chemical toilet is great for overnights or extended weekends. Complete with holding tank and pump-out system.*
6. A removable gate privacy enclosure provides a quick and easy changing room in the middle of anywhere.*
7. A deluxe captain's chair features pull-up armrests for easy access. (Upgrade exchange — all Versailles models)*
8. A waterski tow bar helps add to the fun and keeps the tow line away from the engine.*
9. Downrigger mounting brackets provide for clean, professional installation of downriggers. (Available on Sportfisher models)
10. Docking lights are perfect for early morning or evening dock maneuvers.*
11. Tilt steering allows the driver to adjust the wheel to make getting in and out, and driving while standing easier.*
12. A bow-mounted grill is a great option to extend your hours on the water. And you've never had fish as fresh.*
13. Two pedestal-mount snack tables are available complete with drink holders. The smaller oval design or a larger rectangle design is easy to stow when not in use.*
14. A rectangular bow refreshment table comes with a sliding top that opens to a convenient cooler.*
15. A four-step, folding boarding ladder mounts to fittings on either side of your pontoon.
16. A flip-flop seat accompanies our dinette table and doubles as a forward-facing seat.*
17. This spacious pull-out sleeper bed folds out to form a roomy overnight lounge, then retracts easily when it's time to get underway.*

*Available on select models.

• Standard • Option

- Galvanized bunk-style trailers are a tandem axle design, with brakes included standard, and have greater load capacity than most other designs (3,200 lb.). Designed for long distance trailering, they make transporting and launching your boat more convenient and reliable. They are available in three sizes: one for 20, 22 & 24-foot models, 96-in. wide, one for 20 & 22-foot models, 102-in. wide and one for 24 & 26-foot models, 102-in. wide.
- Galvanized scissor-lift trailers have a 3,500 lb. capacity and make easy work of launching and loading your boat between seasons. Its specially-engineered scissor design allows you to pick up your pontoon from the water or ground level for seasonal storage. Also available in two tandem-axle sizes: one for 20 & 22-foot models, and the other — with standard brakes — fits 24 & 26-foot models.
- Painted bunk-style drive-on trailers are available for 16 and 18-foot pontoon models. They come standard with single axles.

VECTRA 182
SPORTFISHER
18, 20, 22 & 24

CUSTOM-FITTED CANVAS

Complete, easy-to-assemble canvas enclosures are perfect for foul weather and extending your boating season, too. And nobody does canvas enclosures better than Princecraft. Because we bring the same attention to detail to your enclosure as we do the rest of your boat.

Every Princecraft boat is fitted with fasteners for canvas tops at the factory. By using the same precise specs to position the fasteners on both your boat and the canvas your top fits perfectly at every snap.

1. Half-camper enclosures allow operation of the boat in foul weather, and can also act as a mooring cover. The cover protects the whole pontoon from the elements while allowing access to the mid-ship area. (Available on all models except Versailles 22 and 26, Vectra 16, 161 and 182)

2. Custom-fitted mooring covers available on all models keep rain and dew outside and everything dry inside.

Color-coordinated to your boat, this double-bimini top design works as a full-length sun shade. Add the front, side and aft curtains and you've got an enclosed shelter. When not in use it stows easily. (Available on all pontoon models except Sportfisher 18, 20 and 22)

DREAMS, EXPRESSED IN ALUMINUM

For nearly 50 years, we've fulfilled our vision to design, build and back the best aluminum boats available. And the discerning people who buy our boats, pontoon and deck boats walk into our dealerships with their own dreams. Of big fish, beautiful scenery and worry-free weekends.

Of unparalleled family experiences and more enjoyable lifestyles. We never forget what's riding on your purchase of a boat, and promise to live up to your expectations in every boat that bears the Princecraft name.

Princecraft factory packaged boats are available with various horsepower Mercury® outboards or MerCruiser® inboard-outboard engines.
