The More You Know
The Better We Look

2001 Edition
For over 45 years, Princecraft has done just that, combining cutting edge design, the finest materials and a tradition of old-world craftsmanship to produce the finest line of aluminum fishing boats on the water. \textit{Uncompromising attention to detail, continuous product refinement and refusing to compromise comfort, durability or performance is evident in every boat we make.} From our top of the line Platinum editions to our smallest utility boat, each shares this commitment to being the best in its class and to delivering the best experience each time you take to the water. \textit{We think it’s why some of the most experienced and discriminating aluminum boat owners run a Princecraft, and why we confidently say, the more you know about aluminum boats, the better we look.}

**Why choose Princecraft? Here’s 8 solid reasons:**

- **innovative performance** Princecraft has long been an innovator in aluminum hull design. We invented the square chine, and were one of the first aluminum boat companies to use a reverse chine on our hulls. We pioneered the sleek, aerodynamic shape that is our signature. And when it comes to performance on the water, our Ultra-Vee and Ultra-Vee Pro hulls hold some of the highest horsepower ratings in their class.

- **safety** When you buy a Princecraft, you can be sure you are getting the performance you are looking for and the safety you deserve. The Princecraft hull is designed with a wider bottom for greater load capacity, quicker planing, increased stability, more interior room and floor space. It is also deeper with higher hull sides to give our boats a safer, drier ride — especially in bigger, rougher water.
• **durability and construction**  Their durable beamy design was bred for tough northern waters, and it shows every time you put them to the test. *Princecraft uses H36 Aluminum* throughout the boat for *uniform strength*. H36 is up to 25% *harder* than the aluminum used by most other boat builders and creates a *truer hull shape* that is smoother and less prone to flex.

• **comfort and convenience**  *Ergonomically-designed helm stations* give the driver *increased leg room*, *more comfort* and *increased ease of operation* by putting all controls within easy reach. *Wrap-around fishing seat designs* provide long-term comfort and are color matched to your boat’s design. Plenty of built-in, standard features means maximum value for your dollar and gives you all the right equipment to meet your boating needs.

• **light weight aluminium means less horsepower for more performance**  Princecraft’s lightweight aluminum designs require less horsepower to achieve outstanding performance. This means you can choose more economical, low-horsepower outboards than with comparably-sized fiberglass boats. They are also easy to trailer even with a small or mid-size vehicle.

• **high resale value**  Princecraft’s reputation for quality, durable riveted construction and contemporary styling provides lasting appeal and higher resale values. Your boat is worth more now and for years to come.

• **extensive options and canvas choices**  allow you to customize your Princecraft boat however you like with *all the right equipment*.

• **warranty**  The Princecraft® Protection Plan is designed specifically for owners of our products. We understand your purchase is an expression of trust in us so we stand behind every boat we build. That means peace of mind from things like our *20-year main riveted hull seam limited coverage*, and a host of other assurances that add lasting value to your Princecraft®. It’s our way of letting you know we’ll be there when you need us—with experience, service and an unmatched commitment to customer satisfaction. Ask your Authorized Princecraft® Dealer for complete details.
This time comes at its own pace for each of us but eventually, we all realize life is too short to settle for second best. For these times, we suggest our Super Pro and Super Pro Platinum Series of fishing boats. Designed to perform and equipped for unmatched comfort, these boats are as loaded as they are luxurious. From their beamy Ultra-Vee™ PRO hulls and intelligent features to their tasteful graphics and color schemes, these are the boats that define what Princecraft is all about.
If you’re the kind of fisherman who expects something beyond the ordinary in both amenities and looks, the new Princecraft Special Editions are here to exceed those expectations. From their fully color-coordinated boat, motor and trailer package to its stylish monochrome interior and well above average fit, finish and stand-out style, this boat pushes the limits hard.

Predictable performers
for an unpredictable sport
Super Pro Tournament Series

Key Standard Equipment

- Fore and aft casting platforms with storage compartments
- 44-in. (77 l/20-U.S. gallon) electric-fill aerated ProFlo™ bow livewell with anti-spill cover
- 33-in. (110 l/29-U.S. gallon) electric-fill aerated ProFlo™ bow livewell with anti-spill cover (178 DLX only)
- 26-in. (39 l/10-U.S. gallon) electric-fill aerated ProFlo™ aft livewell with anti-spill cover (169 DLX only)
- No-Feedback™ steering system (Dual cable on 178 DLX)
- 12/24V deluxe trolling motor panel with Marinco™ plug and receptacle
- Weather-protected AM/FM marine stereo cassette deck
- Lowrance® X-28 fish/depth finder
- Complete, fully-lit Faria® instrumentation and electric horn

Super Pro 169 DLX

Standard • Both DLX models feature a handsome helm console with enlarged windsceen, leatherette inserts and full instruments. An AM/FM stereo cassette and Lowrance® X-28 fish/depth finder are also standard.

For a complete list of standard and optional equipment, see pages 34 and 35.

Photo montage shows various features and options.
Standard Livewell Systems

**Standard**

The stern livewell on the 169 DLX is this 39 l/10-U.S. gallon Pro-Flo™ design with electric-fill, recirculation, remote control thru-hull drain systems, and anti-spill cover.

**Option**

All Super Pro (except the 188 BT & 169 DLX) come with an optional dual control pre-rigged for both the primary engine and kicker. This system also includes a stainless steel trolling motor tie-rod (shown) that makes remote steering of the kicker engine easier.

**Option**

This optional windshield wiper is especially handy for clearing rain water or early morning dew and, thanks to its parallel design, stays out of view when not in use. (Available on Platinum Series models only)

**Option**

This optional battery charger connects easily to shore power when docked and keeps battery power at top performance levels for long days on the water.

**Option**

This optional bow cushion set assembles to create a comfortable sun lounge, complete with cushioned coaming pads for a great place to relax. (Available on SP 190 & 210 only)

**Option**

Optional downrigger mounting plates, available on all Super Pro models, provide for clean, professional installation of downriggers and minimize hull stress when under heavy use.

**Standard**

The bow livewell system on all Super Pro Platinum models and Super Pro 188 is this 151 l/40-U.S. gallon Pro-Flo™ design with electric-fill, recirculation, remote control thru-hull drain systems, insulated covers and anti-spill covers.

**Standard**

The stern livewell systems on the Platinum Series, 188 DLX and 178 DLX are this 110 l/29-U.S. gallon Pro-Flo™ design with removable minnow bucket. All have electric-fill, recirculation, remote control thru-hull drain systems, insulated covers and anti-spill covers.
Which is why a boat like the Princecraft® Fish’n Promenade makes so much sense. It is designed from the bottom up to be a great all-around boat, and to avoid the compromises common to this type of boat—skiers will like it and those who enjoy chasing fish will like it. That’s a good thing when keeping everybody in the family happy is the name of the game!
Compromise is for politicians. Bring on the fun!
### Key Standard Equipment

- **Bow platform with ice chest and anchor storage**
- **24-in. (50 l/13-U.S. gallon) electric-fill aerated bow livewell with post overflow and thru-hull drain**
- **Sleeper seat**
- **No-FeedBack™ steering system (Dual cable on SP 180)**
- **12V trolling motor panel with plug, receptacle and wiring harness**
- **Tilt steering wheel**
- **7-foot lockable rod storage compartment**
- **Weather-protected AM/FM marine stereo cassette deck**
- **Bow rider seat cushions**
- **Lowrance® X-28 fish/depth finder**
- **Complete, fully-lit, Faria® silver dome instrumentation and electric horn**

*Photo montage shows various features and options*
Standard Bow cushions create a comfortable lounge for sunning. Below, is a roomy ice chest, anchor storage, 24-inches aerated livewell, and a bow deck pedestal seat mount.

Standard The standard sleeper seats on the Fish'n Promenade fold down to create a port side lounge for soaking up the sun.

Option An optional ski tow bar keeps the tow rope at the optimum height and angle for the skier and is removable when not in use.

Option This optional boarding ladder provides easy access for swimmers and skiers, stowing easily when not in use.

Option This optional carpeted bow pad protects the hull and trolling motor when running or trailering and provides a secure, installer-friendly platform for mounting your choice of motors.
Packed with serious fishing features and loaded with options, this line of no-nonsense fishing machines has something to bring a smile to any angler’s face, and plenty of fish to his livewell.
Proof that your best fishing lure isn’t always in the tackle box.
**Key Standard Equipment**

- Fore and aft raised casting platforms with storage compartments
- Electric-fill aerated bow livewell with overflow and anti-spill cover
- 33-in. (110 l/29-U.S. gallon) electric-fill aerated stern livewell, overflow, remote control drain, minnow bucket and anti-spill cover (Pro 176 & 186 only)
- No-FeedBack™ steering system (with dual cable for Pro 176 & 186)
- 12V trolling motor panel with plug, receptacle and wiring harness
- Weather-protected AM/FM marine stereo cassette deck
- Lowrance® X-28 fish/depth finder
- Deep cycle battery storage with tie-down
- Complete, fully-lit Faria® instrumentation and electric horn
Tough, rugged and ready to be fished the same way
Key Standard Equipment

- Fore and aft raised casting platforms with storage compartments
- 44-in. (77 l/20-U.S. gallon) electric-fill aerated bow livewell with post overflow, thru-hull drain and anti-spill cover
- No-FeedBack™ steering system (Pro 174 only)
- Deluxe molded dash with lighted McGill™ rocker switches and fully-lit instrumentation
- 7-foot lockable rod storage compartment
- 12V trolling motor panel with plug, receptacle and wiring harness
- Factory-fit canvas top snap fasteners
- Deep cycle battery storage with tie-down
- Built-in fuel system

Each Princecraft® Pro Series model comes complete with a custom-matched painted trailer for easy transport.
Some of our favorite hot spots, built to take you to yours
Key Standard Equipment

- Forward raised casting platform with storage compartments
- Aft raised casting platform (SC models only)
- 44-in. (77 l/20-U.S. gallon) electric-fill aerated bow livewell with post overflow, thru-hull drain and anti-spill cover
- Deluxe molded dash with lighted McGill™ rocker switches (SC models only)
- Gauge panel with lighted McGill™ rocker switches and fuel gauge (Pro 167 BT only)
- Fully-lit, Faria® instrumentation (SC models only)
- No-FeedBack™ steering system (Pro 169 SC only)
- 12V trolling motor panel with plug, receptacle and wiring harness
- 7-foot lockable rod storage compartment

For a complete list of standard and optional equipment, see pages 34 and 35.

Standard & Optional Equipment

**Standard**  This aerated bow livewell (77 l/20 U.S. gallon on Pro 166, 164, 174, 167 SC & BT and 86 l/23 U.S. gallon on Pro 162 LX, SC & BT, 142 BT & SC) features post overflow, thru-hull drain and anti-spill cover.

**Standard**  Stern livewell system on the Pro Series 176 and 186 is this 110 l/29 U.S. gallon design with removable minnow bucket, electric-fill, post overflow, thru-hull drain and anti-spill cover.

**Option**  This full width, two-piece rear seat (available on the Pro 176, 186, 166, 164 and 174) adds convenient passenger seating to these boats, and adds to its versatility as a fine recreational boat.

**Option**  This optional six-piece bow cushion set assembles to create a comfortable sun lounge, complete with cushioned coaming pads for a great place to relax. (Available only on Pro 164, 174, 166, 176 and 186)

**Option**  This optional windshield wiper is especially handy for clearing rain water or early morning dew and, thanks to its parallel design, stays out of view when not in use. (Available on Pro 164, 174, 166, 176 and 186 only)

**Option**  Optional downrigger mounting plates, available on all Pro Series models, provide for clean, professional installation of downriggers and minimize hull stress when under heavy use. (Available on Pro 164, 174, 166, 176 & 186 only)

**Option**  This optional battery charger connects easily to shore power when docked and keeps battery power at top performance levels for long days on the water. (Available on Pro 164, 174, 166, 176 & 186 only)

**Option**  This optional stern boarding ladder provides easy access for swimmers and skiers, stowing easily when not in use. (Available on Pro 164, 174, 166, 176 & 186 only)

**Standard**  This aerated bow livewell (77 l/20 U.S. gallon on Pro 176 and 151 l/40 U.S. gallon on Pro 186) features a timer, post overflow, thru-hull drain and anti-spill cover.

**Standard**  This aerated bow livewell (77 l/20 U.S. gallon on Pro 166, 164, 174, 167 SC & BT and 86 l/23 U.S. gallon on Pro 162 LX, SC & BT, 142 BT & SC) features post overflow, thru-hull drain and anti-spill cover.
Sometimes, nothing beats a good, solid utility boat for good, solid fun.

From a full day of fishing on the water to carrying you to your favorite camping spot, they do equally well.

With plenty of room, functional features and good old-fashioned durability, they can either be your favorite place to be, or just get you there.
Here, getting back to basics puts you a step ahead

Standard Each deluxe utility model includes this 61 l/16 U.S. gallon electric-fill livewell with our overflow post and special thru-hull drain system.

Option A detachable fold-down fishing seat is fully adjustable and available on Resorter and Starfish tiller-steer models.

Standard Each deluxe utility model includes this 16 l/4.3 U.S. gallon electric-fill livewell with our overflow post and special thru-hull drain system.
### Key Standard Equipment
- Full-width splashwell
- Meets Canadian government and US Coast Guard Level flotation standards
- 34-in. (61 l/16 U.S. gallon) electric-fill aerated livewell with post overflow and thru-hull drain
- Electric bilge pump
- Navigation lights
- Side console steering system (SC models only)
- Built-in 68 l/18 U.S. gallon fuel system (Hudson DLX only)

#### For a complete list of standard and optional equipment, see pages 34 and 35.

Photo montage shows various features and options.
They'll do everything but let you down

Option This protective, self-adhesive keel "bumper" — available by the linear foot — is easy to install and acts as a tough "second skin" for our boat's keel against rocks and other rough terrain.

Standard Our exclusive ribbed polyethylene seat surface is durable, and keeps you drier and more comfortable than traditional wood or aluminum seats can.

Option The convenient side console steering system is available on most models.

For a complete list of standard and optional equipment, see pages 34 and 35.

**Key Standard Equipment**
- NMMA & Canadian Coast Guard certified
- Semi-V hull with square chine (Ungava, Fisherman & Yukon)
- Reverse chine hull design (Resorter, Starfish, Holiday & Hudson)
- Stainless Steel fasteners
- Aluminum clad transom
- Full width splashwell (except Ungava and Fisherman)
- Level flotation to latest Canadian and U.S. Coast Guard standards
- Heavy-duty tubular seat to gunnel braces
- Bulkhead center seat
- Parallel seats at stern
- Durable ribbed polyethylene seat covering
- High gloss exterior paint with decal package
- Non-skid anti-glare interior paint finish
- Oar lock socket and bow eye
- Stern carrying handles (except Holiday and Hudson)

**Options**
- Console with steering system for Yukon, Resorter, Starfish, Holiday & Hudson
- Windscreen for Yukon, Resorter, Starfish, Holiday & Hudson
- Blue all-weather folding fishing seat
- Detachable sliding swivel plate assembly
- Slider track
- Protective self-adhesive keel strip
- Sun top
### Key Standard Equipment

(Seasprite and Scamper)

- NMMA & Canadian Coast Guard certified
- Semi-V hull
- 5052-H36 marine grade aluminum alloy
- Stainless steel fasteners
- Level flotation to latest Canadian and U.S. Coast Guard standards
- Bulkhead seats
- Non-skid anti-glare interior paint finish
- Decal package
- Oar lock socket, bow eye and stern handles

---

**Jon Boat Series**

For a complete list of standard and optional equipment, see pages 34 and 35.

Photo montage shows various features and options.
Trailers are also available with upgraded STAR aluminum mag wheels for added durability and style. (Available for 14 & 15-inch rims only)

Every Princecraft® boat is fitted with canvas fasteners at the factory. By using the same precise pattern to position fasteners on both boat and canvas, the canvas for your Princecraft is sure to fit-perfectly. Plus, the boat’s snaps are mounted on a 45-degree molding for easier securing and removal.

From their all-welded, hull-matched design and construction to their larger capacity wheels, Princecraft trailers are made for two things, your boat and to last.

This convenient sun top is easy to assemble and a great way to escape the sun or rain during a day on the water.

This cockpit cover offers quick dockside protection and is designed to use the same snaps as our convertible top making interchanging the two easy and convenient.

A roomy convertible canvas top with curtains and tonneau cover is easy to assemble and an option on most windshield models. It comes color coordinated to your boat and also features a special curtain section, which encloses the area below the windshield walk-thru, when the tonneau cover is not in use.

This complete, easy-to-assemble stand-up high canvas enclosure is perfect for foul weather days and comes color coordinated to your boat. It covers all seating areas while leaving ample space for fishing at the stern. It features removable curtains for added versatility, plus a special curtain section, which encloses the area below the windshield walk-thru, when the tonneau cover is not in use.
