**2021 PONTOONS AND DECK
BOATS** catalog!

I'M SO PROUD TO BE PART OF THE PRINCECRAFT® FAMILY. The year 2020 is definitely one for the history books. Now more than ever the health and safety of our employees, customers, partners, and communities are our top priority. I'm pleased to see that during this period, we've stayed strong and stayed the course, rallying our staff, and working hard to innovate, design, and build boats ever better tailored to your wants and needs.

Princecraft® is a proud Canadian company; our employees, designers, and suppliers live and work in the community and are experts at building superior quality products. At the same time we're backed by the strength of the Brunswick Group, an industry pillar renowned for its reliability.

Princecraft® is more determined and motivated than ever. We've got a passionate team working hard to develop and bring you the products in our lineup for the new year.

To help you choose the right boat for you and your activities out on the water, we invite you to visit our exciting, user-friendly Website and Facebook page. They're chock-full of great information about our products. Or you can stop by your local Princecraft® dealer if you prefer shopping in person.

Boating is a great way to relax and have fun for you and your family and friends.

Princecraft® is the ultimate choice for making the most of your time on the water, whether for sports or recreational fishing, outings with family or friends, or simply to quench your thirst for adventure. At Princecraft®, you'll find the perfect boat to live your passion to the fullest.

On behalf of the entire Princecraft® team, as well as our suppliers and partners, I would like to thank you for all your trust and loyalty to our products.

RODIER GRONDIN, President

WHY CHOOSE A PRINCECRAFT® BOAT?

WITH OVER 65 YEARS IN THE BUSINESS AND A DEEP UNDERSTANDING OF WHAT BOAT MAKING IS ALL ABOUT, PRINCECRAFT® IS PROUD TO MEET THE INDUSTRY'S NEED FOR RELIABILITY BY MAKING BOATS WORTHY OF THE SKIPPER IN YOU. CHOOSING PRINCECRAFT® MEANS CHOOSING BOATS DESIGNED FOR YOUR ADVENTURES AND YOUR NEEDS.

At Princecraft®, it all starts with the quality of our hulls. We're always on the lookout for the latest technologies, and our track record for innovation has a lot to do with the high quality material we use in our manufacturing process: 5052-H36 aluminum.

The H36 marine alloy used to make Princecraft® boats is cut and folded in a single piece and is 25% harder than any other aluminum alloy in the industry, resulting in a smoother ride and greater resistance to flexing and scratching. What's more, most of our boats have a double layer of H36 from the center of the hull to the stern. This means the stress on the bottom of the boat is directed towards the side panels for better performance at high speeds.

At Princecraft®, nothing is left to chance. Boating enthusiasts and anglers can rest assured knowing that their safety is in the hands of our experienced R&D team and a meticulous crew of employees who pride themselves on crafting exceptionally comfortable interiors finished to perfection.

Again this year, Princecraft® is setting a standard for excellence in the North American boating industry as we continue pushing ourselves to provide the kind of must-have products and options you want. Why opt for anything less?

DID YOU KNOW?

To achieve a harder aluminum alloy, big blocks of aluminum are pressed in rollers until reduced to the desired thickness. The higher the number after the H, the more tightly the aluminum is compressed for greater rigidity.

BIG ADVANTAGES

The harder the material, the better it holds up to dents and abrasion. In fact, the H36 acts kind of like an airbag for your boat. It has such a high yield strength level that it's virtually impossible to dent. So it's the best way to keep you protected and safe while you're on the water.

If you run aground or hit a rock with your Princecraft®, you can rest assured that your boat is as solid as they come. We've put the H36 alloy through the ringer in rigorous comparative lab trials*, and the results are very conclusive: the H36 is much more likely to hold its shape on impact than the H32 and H34 alloys used by the competition.

OUR SECRET : H36 ALUMINUM

Princecraft® hulls are the strongest and most durable on the market because they are made with the best marine-grade aluminum in the business, 5052-H36.

- › **25% STRONGER THAN THE ALUMINUM USED BY MOST OF OUR COMPETITORS**
- › **MAINTAINS PEAK PERFORMANCE**
- › **MORE RESISTANT TO SHOCK AND WARPING**
- › **HELPS BOOST BOAT RESALE VALUE**

WHY IS PRINCECRAFT® THE ONLY MANUFACTURER TO USE H36?

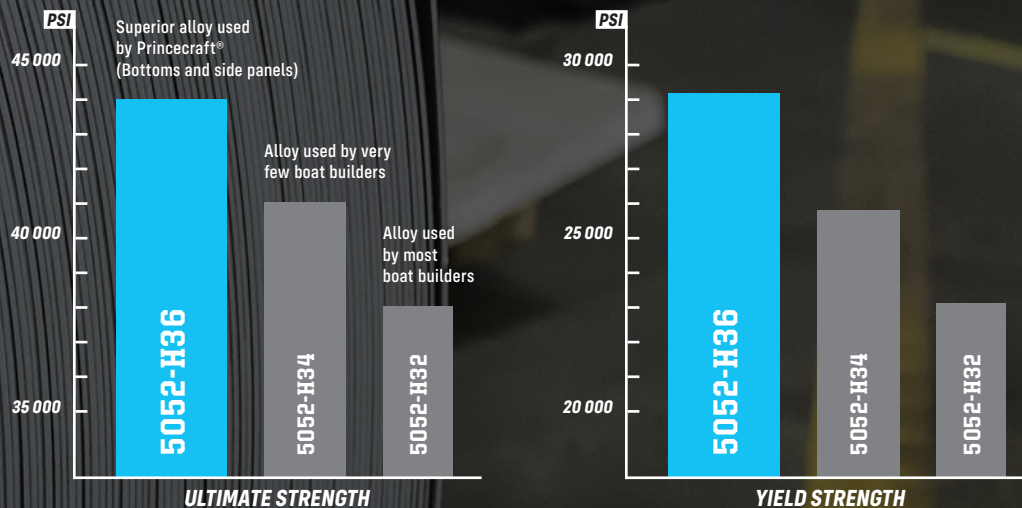

H36's rigidity makes it more difficult to work with. It requires extremely accurate, state-of-the-art equipment, and above all, exceptional expertise. Only Princecraft® has both!

H36 also has a higher ultimate strength and yield strength than other alloys, which boosts your confidence on the water and the value of your investment!

MOST OF OUR BOATS HAVE TWO THICKNESSES OF H36 ALUMINUM FROM THE MIDDLE OF THE HULL TO THE STERN.

This construction diffuses the stress on the bottom of the boat toward the side panels for better performance at high speeds.

* Study conducted by Alcoa Innovation in 2011

**INVENTED BY PRINCECRAFT®,
THE DOUBLE REVERSE CHINE:**

- › Improves performance at all speeds and in all boating conditions
- › Makes it easier to steer the boat and control its speed
- › Increases the boat's carrying capacity while reducing friction so the boat planes easily even when heavily loaded
- › Prevents chine walk at high speeds
- › Keeps occupants dry

ALL ABOUT STAYING SAFE OUT ON THE WATER

EVERY YEAR, HUNDREDS OF BOATING ACCIDENTS ARE REPORTED AND NUMEROUS CITATIONS ARE HANDED OUT ACROSS ACROSS CANADA AND THE USA. HERE'S AN FAQ TO HELP YOU TAKE TO THE WATER WITH TOTAL PEACE OF MIND.

WHAT MANDATORY SAFETY EQUIPMENT IS REQUIRED ON YOUR BOAT?*

SOME PEOPLE ARE SURPRISED TO LEARN JUST HOW MANY ITEMS YOU'RE LEGALLY REQUIRED TO HAVE ON BOARD WHEN YOU'RE OUT ON THE WATER:

- › **YOUR BOATING LICENCE (PLEASURE CRAFT OPERATOR CARD)**
- › **AN APPROPRIATELY SIZED PERSONAL FLOTATION DEVICE OR LIFE JACKET FOR EACH PERSON ON BOARD, APPROVED BY CANADIAN COAST GUARD OR UNITED STATES COAST GUARD**
- › **BUOYANT HEAVING LINE (AT LEAST 15 METERS LONG)**
- › **MANUAL PROPELLING DEVICE OR ANCHOR WITH AT LEAST 15 METERS OF ROPE, CABLE, OR CHAIN**
- › **BAILER OR HAND PUMP**
- › **SOUND-SIGNALLING DEVICE**
- › **COMPLIANT NAVIGATION LIGHTS, IF THE BOAT IS OPERATED BETWEEN SUNSET AND SUNRISE OR IN PERIODS OF REDUCED VISIBILITY**
- › **CLASS 5BC FIRE EXTINGUISHER FOR ANY CRAFT EQUIPPED WITH AN INBOARD MOTOR, FIXED FUEL TANK, AND/OR ANY FUEL-BURNING COOKING, HEATING, OR REFRIGERATION UNITS**
- › **WATERPROOF FLASHLIGHT OR 3 FLARES APPROVED BY CANADIAN COAST GUARD OR UNITED STATES COAST GUARD**

*Check with local authorities for the full list depending on your boat and your country.

IF YOU BORROW OR RENT A BOAT, WHO IS RESPONSIBLE FOR ENSURING ALL MANDATORY EQUIPMENT IS ON BOARD?

- › In Canada, if you borrow or rent a boat, the responsibility is shared between you and the owner.

WHAT CHECKS NEED TO BE DONE BEFORE HITTING THE WATER?

- › First, always check the weather forecast for the day. Weather can change quickly, and getting caught out in a thunderstorm or heavy winds can be dangerous. Next, it's a good idea to let someone know where you're going and what your plans are for the day. Lastly, remember to make sure you have enough fuel. A good rule of thumb is to have about a third more fuel than you think you'll need.

HOW MUCH DOES A BOATING SAFETY VIOLATION COST?

- › It all depends on the violation and the country. For example, in Canada, operating a boat carelessly or without a competency card can result in a \$250 fine. In terms of required equipment, you'll be fined \$200 for every missing personal flotation device.

CAN FLOTATION DEVICES BE TOO OLD OR OUT OF DATE?

- › Lifejackets do not have an expiration date. They are considered compliant as long as they meet certain specifications. For example, they must be in good condition (straps, fasteners, and zippers in good working order, free of mold, etc.), appropriately sized, free of rips and tears, etc. Normally, personal flotation devices should have a label indicating that they are approved by Transport Canada, the Canadian Coast Guard, US Coast Guard or Fisheries and Oceans Canada.

IS IT OK TO BRING A VERY YOUNG CHILD ON BOARD?

- › Unfortunately, there are no approved flotation devices in Canada for children under 20 pounds. Transport Canada and US Coast Guard recommends that parents avoid bringing infants on boats and wait until their child reaches 20 pounds before taking them out on the water for the first time.

NEW MODEL

PRINCECRAFT® PRESENTS

MAX

DOMINATE THE WATER— TO THE MAX!

**AT PRINCECRAFT®, WE'VE BEEN
PUSHING THE ENVELOPE TO
DO MORE FOR OUR CUSTOMERS
FOR DECADES.**

In today's fast-paced world, fishing is a welcome refuge. And you'll want a boat you can start enjoying right away—without compromising on quality or amenities—to make the most of your passion. That's why Princecraft® launched MAX, a new lineup of three "all-inclusive" models with a distinctive look and an unbeatable price tag.

**A RANGE OF UNIQUE COLORS,
ONE COMPETITIVE PRICE,
MAXED OUT WITH FEATURES.**

SPORT 172 MAX

- › Black rotomolded consoles
- › 1 stern livewell
- › 12-volt outlet
- › Stainless steel ladder
- › Carpeted casting platforms
- › Tilt steering wheel and sliding rail driver seat
- › 160-watt Jensen® radio with 2 speakers
- › Removable ski pylon
- › Bow cushion set
- › Trailer cover (black)
- › Bimini sun top connected to windshield, including bimini structure (black)

HOLIDAY® 162 DLX WS MAX **HOLIDAY® 162 DLX SC MAX**

- › Black rotomolded console(s)
- › 1 bow livewell
- › Emergency reboarding ladder
- › Portable gas tank (23 L/6 U.S. gal.)
- › Carpeted casting platforms
- › Tilt steering wheel and sliding rail driver seat
- › 160-watt Jensen® radio with 2 speakers
- › Trailer cover (black)
- › Bimini sun top connected to windshield, including bimini structure (black) - WS model only

**YOUR FULLY EQUIPPED BOAT IS READY.
WHY WAIT?**

CUSTOM MULTIFUNCTION TRAILERS

EACH OF OUR TRAILERS IS CUSTOM-MADE ACCORDING TO THE HIGHEST STANDARDS OF QUALITY.

The objective is to offer topnotch stability and maneuverability on the road, in addition to easy loading and unloading.

SE PAINTED TRAILER WITH STEEL FENDERS AND SWING TONGUE
(Platinum SE Series only)

GALVANIZED STEEL TRAILER WITH SWING TONGUE

AN EXTRA DURABLE FRAME

- › Extra sturdy tubular structure
- › Brake cables and circuits are inserted in a steel tube to protect them from the elements
- › Guaranteed long term reliability

SPECIAL FEATURES

- › Sturdy winch
- › Swivel tongue jack*
- › Soldered attachment for optional transom saver motor support
- › Galvanized steel wheelbase for rust protection
- › Practical swing tongue: saves space, stores easily
- › Composite fenders with built-in step pads
- › Radial tires (standard on most models)
- › Aluminum alloy STAR mag wheels (optional on certain models)

OPTIMAL SAFETY

- › Superior on-road stability and handling
- › Watertight LED light system
- › Factory-balanced wheels
- › Double safety chain
- › Sealed hubs
- › Complies with NMMA® and Transport Canada standards

STRATEGICALLY PLACED BUNKS AND LOAD GUIDES

- › Custom design
- › Marine carpet-covered load guides protect your boat's hull (certain models only)
- › Bunks remain in constant contact with the hull for optimally distributed support
- › Easier loading and unloading

* On most models or optional

1 Heavy-duty winch*

2 Carpeted fixed bunks and load guides*

3 Swing tongue*

4 Fenders with step pads*

5 Optional mag wheels*

6 Waterproof recessed LED lights*

* On most models or optional

Most Princecraft® trailers are equipped with this system

This ingenious system combines the advantages of grease and oil to create an ultra high performance lubricant. At room temperature, its viscosity is similar to that of grease. But as the bearings heat up, the lubricant becomes more fluid coating the bearings better to more effectively reduce friction and dissipate the heat generated during towing.

Each bearing is encased in a completely sealed, airtight, leak-proof, pressurized chamber.

INGENIOUS LIVEWELLS

A MUST-HAVE FOR FISHING, GOOD LIVEWELLS HELP KEEP YOUR CATCH HEALTHY AND FRESH. PRINCECRAFT® OFFERS YOU THREE TOP-QUALITY OPTIONS TO HELP YOU GET THE MOST OUT OF EACH AND EVERY DAY OF FISHING!

PROFLO™ PLUS **EXCLUSIVE**

The ProFlo™ Plus livewell is virtually maintenance free, and features automatic filling and recirculation that lets you focus on fishing. Its dual-pump system keeps your bait alive and your catch beautifully fresh, whether you're cruising the open water or tied up at the dock.

Models featuring ProFlo™ Plus livewell system

Platinum SE Series	Xpedition® Series
--------------------	-------------------

PROFLO™

Includes all SportFlo™ features, plus:

- › A dual pump system that keeps water recirculating on the water or at the dock
- › Intermittent recirculation to control water aeration¹
- › A light¹

Models featuring ProFlo™ livewell system

Sport 187	Sport 177	Kapture® Series
-----------	-----------	-----------------

SPORTFLO™

This system includes:

- › A pump for filling the tank and aerating the water
- › An overflow system that empties to the outside
- › Protection filter on the filling pump
- › An anti-spill cover¹

Models featuring SportFlo™ livewell system

Sport 172	DLX Series
Sport 172 MAX	DL and BT Series (except Yukon® 140 BT)
Sport 164

PRINCECRAFT®

PLEASE READ CAREFULLY: Dimensions, capacities, ratings, and additional specifications, plus complete warranty and service information, are available from your Princecraft® dealer. Product illustrations and data within this catalog are based upon information available at the time of publication. Not all accessories shown in pictures or described herein are standard equipment or even available as options. Specification measurements are approximations and subject to variance. Because Princecraft® is dedicated to constant product improvements, Princecraft® reserves the right to make changes without prior notice or obligation. Not all model year boats may contain all of the features or meet the specifications described herein. Ask your Princecraft® dealer for the most current product specifications prior to purchase. Some of the equipment shown separately or on products illustrated in this catalog may be optional at extra cost. Options and features are subject to change without notice. Princecraft® is a member in good standing of the National Marine Manufacturers Association (NMMA) USA and Canada. All boats comply with Canadian Coast Guard and U.S. Coast Guard regulations. All Princecraft® boats are in compliance with NMMA's Boat Certification Program.

Special thanks to: Mercury Marine®, Rapala®, Coleman®, Cannon Downriggers, Stearns®.
