

**PRINCECRAFT**<sup>®</sup>

*The More You Know The Better We Look*

*Pontoon and Deck Boats 2002 Edition*

*The best aluminum boats  
all have one thing in common...  
our name*

**Princecraft®**, a name that, for nearly 50 years, has grown to represent **craftsmanship, innovation and performance.**

During that time, Princecraft has combined the elements of design, craftsmanship and attention to detail with the finest materials available, to create the finest line of aluminum fishing boats, pontoons and deck boats you'll find anywhere.

Experienced boaters are our best customers. That's because the best way to appreciate a boat that is built right, is to have owned a few that haven't been. Experienced boaters know what they want, they know what to look for, they know where to look for it. And when they climb aboard a Princecraft, they find it. That's because every boat we build, is the result of uncompromising attention to detail in all stages of the design and construction process. From computer-assisted design to demanding precise assembly tolerances, quality control is priority one. Styling, comfort and performance are second to none. All of which combine to create a boat that is as well thought out as it is constructed, as good looking as it performs, and as comfortable as it is reliable. Continuous product innovation and refinement is practically our company policy, one that, year after year, keeps us ahead of our competition, and our owners the most satisfied on the water. It's why, at Princecraft, we can proudly say, "The More You Know, The Better We Look."

**Princecraft and Mercury®**  
When you want the  
**best names in the water**

Princecraft is proud to offer Mercury Marine engines on every model of boat we build. For over 60 years, Mercury has meticulously tested and refined its engines to provide unmatched quality, reliability and tenacious performance—whatever the boating application. Whether it's a two-stroke or four-stroke you want, an outboard or stern drive power platform, Princecraft has the right package for you.

Don't forget to ask us about Mercury's direct injection OptiMax® outboards. These next generation engines provide an unheard of combination of legendary Mercury performance and real fuel efficiency in a low emission outboard. Or, maybe a quiet-running four-stroke engine is more to your taste. Princecraft offers Mercury FourStroke technology in a variety of the most popular horsepower. We also offer Mercury FourStrokes featuring our

exclusive BigFoot lower units, providing excellent maneuverability at lower RPM and speeds, even at lower horsepower—the perfect complement to our pontoon models. New this year, are Mercury's electronic fuel injected (EFI) four stroke models providing an even greater degree of clean, quiet operation. And, as always, Mercury backs all of its engines with the industry's most comprehensive parts availability and service support network in the business.

It's why Canada's best name in high quality boats has joined with the best name in marine propulsion. And why, if you're looking for the best names on the water, you've come to the right place.

### The Princecraft Protection Plan:

*A better way to back a better boat.*

Of all the great features of your Princecraft boat, one of the best is the one you'll be least likely to use...its

warranty. Nevertheless, *The Princecraft Protection Plan*, like the boats it covers, is designed to lead, rather than follow. That means assurances from things like our limited 10-year main seam coverage

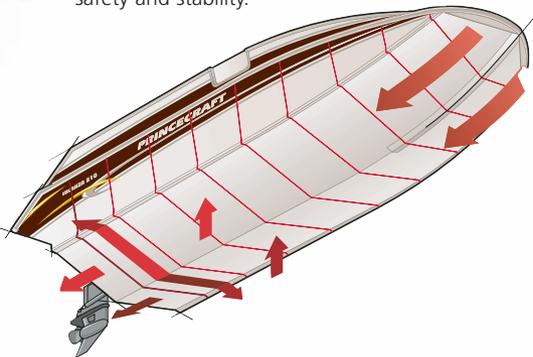

on pontoon boats and 20-year main welded hull seam coverage on deck boats and a variety of other coverage that adds as much to the value of your boat as it adds to your peace of mind. It's just one more way we demonstrate our commitment to building great boats, and even greater satisfaction for our customers. *Ask your authorized Princecraft Dealer for complete details.*

## The (Princecraft) Deck Boat hull: Better from top to bottom

As the aluminum boat builder with more innovations to its credit than any other, it should be no surprise our deck boat hulls are one of them. Put simply, their design is a combination of superior design features and Princecraft's painstaking material specifications and construction process. The result is a boat that's precisely designed and assembled for a level of durability and on-water performance you'll find nowhere else.

### Deeper Vee-Hull

With its deeper vee, our hull cuts through rough water better—with less pounding. This also creates a deeper cockpit and lower center of gravity for added safety and stability.

### Integrated Side Panels

Our Vacanza deck boats include these fully-integrated side panels—as opposed to traditional "fencing"—giving these boats more unique, sleeker styling and added structural integrity.

### Wider, Reverse Chine Design

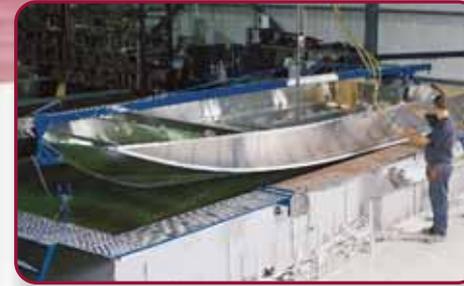

A wider bottom design gives our boats greater load capacity and makes them amazingly stable while underway or when idling. The use of reverse chines was a Princecraft first, and creates performance-enhancing lift, efficiency and agility.

### Oversized Rivets

Oversized rivets are used in certain key areas for optimum structural integrity. This prevents sheering of rivet heads and maintains uniform strength throughout the hull.

### Higher Horsepower Ratings

When you build a better hull, it can stand up to more horsepower. Maybe that's why our hulls hold some of the highest horsepower ratings in their class.

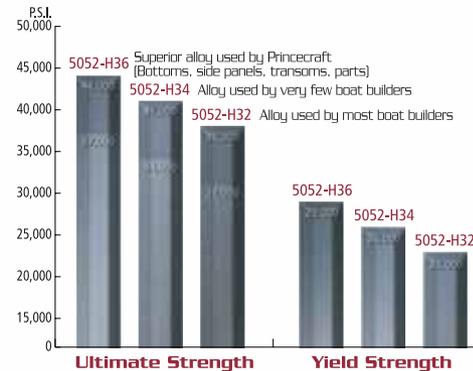

### We Tank Test Every Hull

Tank testing each hull—from the largest to the smallest—helps ensure their state-of-the-art design holds up in the real world.

### Princecraft Uses H36 Aluminum

H36 is up to 25% harder than the aluminum used by most other boat builders and creates a truer hull or pontoon shape that is smoother and less prone to flex, giving you a more enjoyable ride. It is also used throughout the boat for uniform strength.

### Three-Step Construction

Princecraft's exclusive three-step construction process combines riveting, welding and aircraft grade adhesive for an unmatched combination of strength, durability and performance.

## DECK BOATS

4-19

### Vacanza Series

- Like nothing else out there . . . . . 6-11
- Vacanza 210 V I/O Wake Xpress . . . . . 6-7
- Vacanza 240 V I/O & 242 V I/O . . . . . 8-9

- Sportfisher 18 & 20 . . . . . 42-43

Pontoon optional features, colors and trailer options . . . . . 44-45

Pontoon standard & optional equipment chart and canvas options . . . . . 46-47

*When a better aluminum  
deck boat is built, **Princecraft**  
will build it.*

# Deck Boat Series

They **(combine)** the space of a pontoon boat with the speed and **agility of a sport boat.**

They are one of the most popular styles of boat on the water today, and Princecraft is leading the way. That's because our lightweight aluminum design makes the deck boat concept even more attractive. Compared to fiberglass—which is up to 50% heavier than aluminum—our lighter weight, Vee-hull aluminum deck boats deliver superior performance with lower horsepower—and operating cost—than a comparable fiberglass design. The result is a deck boat that's less expensive to own, operate and maintain, with all the performance you demand.

1. Integrated swim platform with telescoping boarding ladder
2. Storage under all lounges
3. Deluxe fiberglass helm console with thermoformed wood grain dash panel
4. Fiberglass bow section (Vacanza 240V & 210V Wake Xpress)
5. Weather-protected 120-watt AM / FM marine grade stereo with CD player

Please Note : Features described on these pages may not be available on all models in the series shown.

## Key Standard Features

- Custom Xpress graphics package
- 4.3 L EFI MerCruiser® sterndrive
- Stainless steel wakeboard towing tower
- NEW high performance deep-vee reverse chine hull design
- Sportboat performance with less horsepower
- High back captain's chair with Roto-Cast seat base and sliding rails
- Thickly upholstered furniture with Roto-Cast seat bases
- Weather-protected 120-watt AM/FM marine grade stereo with CD player
- Pop-up privacy enclosure
- Integrated swim platform with boarding ladder
- Fiberglass bow section with halogen docking lights and beach landing ladder
- Helm with tilt steering and mahogany wheel
- Fully-lit instruments, multi-function Pilot™ gauge and electric horn
- Color-coordinated sun top

**Standard** A spacious floor storage compartment big enough for your favorite wakeboard.

**Standard** This stylish, fiberglass bow section includes two flush mounted halogen docking lights, telescoping beach landing ladder and built-in anchor storage.

It **(can)** also turn any **family** into a happy one.

That's because there's something on this boat for everyone. From wake boarding to skiing, cruising or just soaking up the sun, this boat is what family values are all about.

water into air*

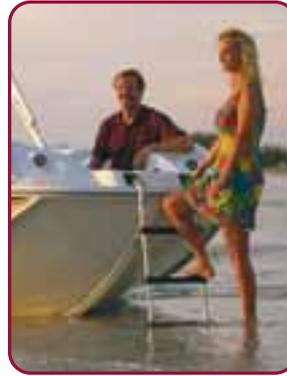

**Vacanza 210V 10**  
*Wake Xpress*

## Key Standard Features

- Three MerCruiser® sterndrive engine options available
- High performance deep-vee reverse chine hull design
- Weather-protected 120-watt AM/FM marine grade stereo with CD player
- High back captain's chair with Roto-Cast seat base and sliding rails
- Thickly upholstered furniture with Roto-Cast seat bases
- Pop-up privacy enclosure
- Integrated swim platform with boarding ladder
- Fiberglass bow section with halogen docking lights and beach landing ladder (240V only)
- Helm with tilt steering and mahogany wheel
- Fully-lit instruments, multi-function Pilot™ gauge and electric horn
- Galley with sink and portable water tank
- Color-coordinated buggy-style bimini top

### Available for Vacanza 242V only:

- Pedestal fishing seats (2)
- 34-in. (86 l/23 U.S. gal.) electric-fill aerated livewell with post overflow and thru-hull drain system
- Lowrance® X-49 fish/depth finder
- 12V bow trolling motor plug & receptacle

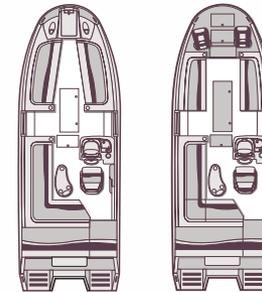

**Standard** This stylish, fiberglass bow section includes two flush-mounted halogen docking lights, built-in anchor storage and telescoping beach landing ladder for easy boarding from shore. (240V only)

**Standard** A roomy livewell in the bow platform keeps your catch fresh (242V only).

The (**Vacanza**) 240V and its fishing counterpart, the **242V** take having fun seriously

—no matter how you like it. With plenty of room and plenty of power for the performance-minded, you're set to chase anything from a suntan to a sunfish.

For a complete list of standard and optional equipment, see page 18. Photo montage shows various features and options.

*They're the kind of deck boats  
that put you on a pedestal*

**Ventura 221**  
*Shown in Parsley Green*

**Option** This optional removable privacy enclosure provides a handy changing room. When not needed, it can be quickly and easily stowed. (Ventura models only)

**Option** This chemical marine toilet provides added convenience for overnights or weekend stay aboard. Comes complete with holding tank and pump out system. (Vacanza models only)

**Option** Tilt steering allows the driver to adjust the wheel and makes getting in and out of the helm station easier. Allows the driver to steer while standing, too. (Available on Ventura models)

**Option** This optional yellow accent graphic can replace the standard graphics to give your boat a more sporty, tropical look. (Vacanza models only)

**Option** This optional pedestal-mount coffee/snack table with drink holders can be easily removed and stowed for convenience. Available in oval or rectangular styles. (Oval version shown)

**Option** This optional Clarion® AM/FM marine stereo with CD player and multi-color display delivers 180 total watts of power to four speakers (upgrade exchange).

**Option** This stainless steel waterski tow bar is welded and bolted to the boat's main structure for maximum strength, durability and towing ability. (Available on outboard-powered models)

**Option** These optional side boarding gates on each side of your boat provide convenient access from the water. (Both sides on the Ventura 190, port side only on Ventura 191)

**Option** These optional docking lights are perfect for early morning or late evening docking maneuvers. (Ventura models only)

**Option** These optional bow lounge cushions convert the boat's bow into a sun lounge, and stow easily beneath the front seats when not in use. (Available on all models except Ventura 191)

# Features and Options

## Custom-Matched Trailer Options

Our custom deck boat trailers are designed to fit your Princecraft deck boat's hull. This also means easier loading and unloading of the boat at the launch ramp and added peace of mind while trailering over long distances. Princecraft trailers also offer step pads to make climbing in and out of the boat easier while on its trailer. Their heavy-duty design, high load capacity and radial tires make them very travel-friendly for longer trips.

Boat/motor packages are available with Mercury® outboard and MerCruiser® stern drive power.

## Custom Canvas

Nobody does full camper enclosures better than Princcraft. Our double bimini top design serves as a full-length sun top. Add the side, front and aft curtains and you've got an enclosed shelter from the elements or roomy overnight area for camping. When not in use, just fold down the twin bimini tops and stow only the side curtains. Available on the Ventura 190, 221, 222 and all Vacanza models except the Wake Xpress.

Half-camper enclosures allow operation of the boat in foul weather while providing a handy shelter and can also act as a mooring cover. The cover protects the whole boat while allowing access to the mid-ship area. Available on all deck boat models except Ventura 191 and Vacanza Wake Xpress.

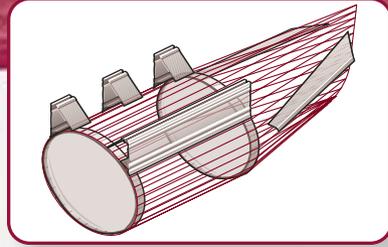

Add this custom fit mooring cover to your deck boat to protect it from the elements when your boat is docked. Available for all models.

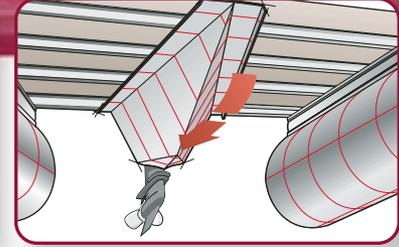

Every Princcraft boat is fitted with canvas fasteners at the factory. By using the same precise pattern to position fasteners on both boat and canvas, the canvas for your Princcraft is sure to fit—perfectly. Then, we back it with a limited warranty for 5 years, so there's never a hassle putting it up, taking it down, or getting it taken care of should you have a problem.

Our luxury pontoons make **taking it easy** even easier

### Larger diameter Pontoon logs

Larger diameter pontoon logs (23 in. & 25 in.) are round—not oval—providing better flotation, load capacity and top end speed. Special watertight chambers with sealed bulkheads provide added safety.

### V-shaped engine pod

Our newly re-designed V-shaped engine pod keeps your outboard engine at the optimum running height while its hydrodynamic shape cuts through the water, eliminating the “banging” common to most other designs.

They're (**easy**) to operate, economical to run and give you room for the whole **family** or plenty of friends.

And whether your idea of fun is cruising, fishing, camping, a day at the beach or just tied up at the dock, there's a Princecraft pontoon to help you enjoy it. From our luxurious Versailles series to our Sportfisher series, versatile Vantage models and affordable Vectras, our full line of pontoons can match your needs, taste and budget as easily as they can help you relax.

### Helms and furniture designed for comfort

When we design our pontoon furniture, our goal is simple : your comfort. We start with ergonomically-designed helm stations giving the driver increased leg room, more comfort and put all controls within easy reach. Seats are designed with wider bases and higher backs giving passengers more room and greater long-term comfort. Then we add up to three layers of different foam density so that furniture holds its shape to stay comfortable longer. And finally, we finish all furniture to compliment the luxury level of your pontoon. From the luxuriously-upholstered furniture designs on our Versailles models to the more understated and utilitarian, you get furnishings that are durable, attractive and, above all, comfortable.

# PRINCECRAFT

*If you've got designs on owning  
a first-rate pontoon boat, we've  
got some designs you  
should consider*

# Versailles® Pontoon Series

**[Plush,]** loaded,  
top-of-the-line,  
**uniquely comfortable.**

There are plenty of ways to describe Princecraft's line of Versailles pontoon boats, but only one way to fully appreciate them – climb aboard. That's because the first-rate fit, finish, craftsmanship and detail that make them what they are, can only be fully experienced first hand. Their touch and feel is that of unmistakable quality and craftsmanship that pleases the senses. Climb aboard and relax. You'll be glad you did.

1. Stylish upholstery
2. Deluxe fiberglass helm console with thermofomed wood grain dash panel
3. Inclined chaise lounge
4. Digital multi-function gauge
5. Optional weather-protected 180-watt AM/FM marine grade stereo with CD player

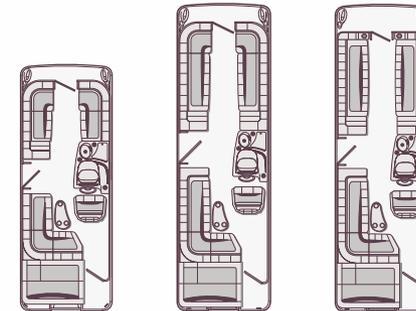

Please Note: Features described on these pages may not be available on all models in the series shown.

## Key Standard Features

- 102-in. wide beam design—widest in its class
- 25-in. diameter pontoon logs
- Large full-featured fiberglass helm station with tilt steering, mahogany wheel and glove box
- Sink, cooler and portable water tank in helm
- Complete, fully-lit Faria® silver dome instrument package including Pilot™ gauge and electric horn
- Double-wide captain's chair with Roto-Cast frame and sliding rails
- Luxurious furniture with Roto-Cast seat bases
- Lounge seats with inclined chaise lounge section
- Weather-protected 120-watt AM/FM marine grade stereo with CD player
- Large pop-up privacy enclosure—conveniently-located
- Walk-thru rear gate and stern boarding ladder
- Rear sun pad
- Flush-mounted halogen docking lights
- Color-coordinated buggy-style bimini top

This spacious pull-out sleeper bed on the Versailles 26 BD folds out to form a roomy overnighter lounge, then retracts easily when it's time to resume normal operation.

# Vantage® Pontoon Series

**{ Sometimes, }**  
 spending wisely doesn't  
 have **to mean**  
*spending more.*

Our Vantage pontoons are designed for just such occasions. This intermediate series is loaded with features and plenty of comfort and style, and puts luxury in your hands without emptying your pockets.

1. Full-featured fiberglass helm station with sport wheel and glove box
2. Pop-up privacy enclosure (standard on Vantage 22 only)
3. Rear access gate with boarding ladder
4. Optional Clarion® 180-watt AM/FM marine grade stereo with CD player
5. Extra-wide wheelchair sized side gates (32 in.)

## Key Standard Features

- 25-in. diameter pontoon logs
- Two (2) seating arrangements
- Extra-wide side gates (32 in.)
- Full-featured fiberglass helm station with sport wheel, glove box and cooler
- Complete, fully-lit instrument package and electric horn
- Captain's chair with Roto-Cast frame
- Plush upholstered furniture with Roto-Cast seat bases
- Weather-protected 50-watt AM/FM marine grade stereo
- Large pop-up privacy enclosure — conveniently-located
- Walk-thru rear gate and stern boarding ladder
- Rear sun pad
- Built-in fuel system (129 1/34 U.S. gal.)
- Color-coordinated buggy-style bimini top

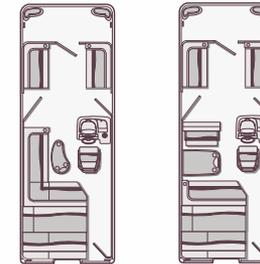

**Standard** This large pop-up privacy enclosure provides a convenient changing room or head enclosure. It stows quickly and easily in the aft sun deck when not in use.

**Option** This chemical marine toilet provides an added degree of convenience for those planning to overnight or spend a weekend camping aboard their Princecraft® boat. It comes complete with holding tank and pump out system.

# Sportfisher™ Pontoon Series

**[No angler]**  
catches a trophy  
**every time out.**

But if you choose a Princecraft Sportfisher pontoon, you'll be aboard one every time you set out to try. That's because we've taken sound, pontoon boat design and layout, and added just the right mix of fishing features to make your days chasing fish as comfortable as they are exciting. After all, when it comes to fishing, the waiting can be half the fun.

1. 26-inch aerated livewell
2. 50-watt AM/FM stereo
3. 12-volt trolling motor plug and receptacle
4. Deluxe fiberglass molded helm console with thermofomed wood grain dash panel (Sportfisher 22 & 24 only)
5. Optional downrigger mounting brackets

Please Note : Features described on these pages may not be available on all models in the series shown.

## Key Standard Features

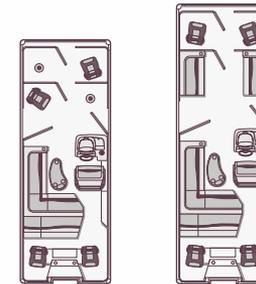

- 12V trolling motor plug and receptacle
- 26-in. (39 1/10 U.S. gal.) electric-fill aerated livewell with post overflow
- 7-foot lockable rod storage compartment
- High backed swivel-mount, fold-down fishing seats (4)
- 25-in. diameter pontoon logs
- Extra-wide (32-in.) side gate (port side)
- Fiberglass helm station with sport wheel, glove box and cooler
- Large pop-up privacy enclosure—conveniently located
- Complete, fully-lit instrument package and electric horn
- Double-wide captain's chair with Roto-Cast frame and sliding rails
- Plush upholstered furniture with Roto-Cast seat bases
- Weather-protected 50-watt AM/FM marine grade stereo
- Built-in fuel system (129 1/34 U.S. gal.)
- Color-coordinated buggy-style bimini top

**Standard** These high backed swivel-mount, fold-down fishing seats give you long hours of comfort while fishing.

**Standard** This 7-foot key lock rod storage compartment keeps your favorite rods secure.

\* Manufacturer's recommendations

For a complete list of standard and optional equipment, see pages 46-47. Photo montage shows various features and options.

*Perfect for catching fish,  
catching rays, or just catching up*

**Sportfisher 20**  
Shown in Islander Blue

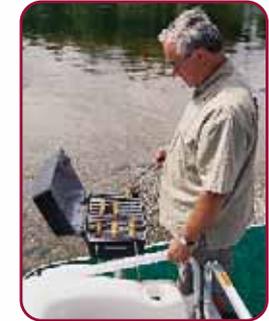

**Option** These optional bow sun cushions open easily to form a spacious bed or sun lounge. They also stow easily beneath the front seats when not in use.\*

**Option** This deluxe captain's chair with pull-up armrests provides an added degree of comfort at the helm. (Upgrade exchange—all Versailles)

**Option** This optional removable privacy enclosure provides a changing room. When not needed, it can be quickly and easily stowed.\*

**Option** This optional BBQ grill makes a great addition to any pontoon and is great for preparing an on-board meal.\*

**Option** Two optional pedestal-mount snack tables—complete with drink holders—are available. A smaller oval design is great for snacks or just a cold beverage. Or, choose the larger rectangular design and enjoy dine-aboard meals. Both can be easily removed and stowed when not in use.

**Option** These optional docking lights are perfect for early morning or late evening docking maneuvers.\*

**Option** This optional four-step folding boarding ladder mounts to convenient fittings on either side of your boat for convenient access from the water.

**Option** This optional bow lounge insert turns your Versailles' standard lounge into a unique U-shaped variation for added seating and style.\*

**Option** This chemical marine toilet provides an added degree of convenience for those planning to overnight or spend a weekend camping aboard. Includes holding tank and pump out system.\*

**Option** This 180-watt Clarion® marine stereo with CD and multi-color display powers four speakers and delivers plenty of sound. (Upgrade exchange)

**Option** This optional dinette table is great for enjoying everything from a cold drink to a quick meal, and has a handy reversible seat which doubles as a forward-facing passenger seat. (Available on Vectra 180, 181, 200 and 201)

**Option** This Lowrance® X-49 fish/depth finder is an available option.\*

**Option** Optional downrigger mounting brackets provide for clean, professional installation of downriggers. (Available on Sportfisher models)

**Option** Tilt steering allows the driver to adjust the wheel and makes getting in and out of the helm station easier. Allows the driver to steer while standing, too.\*

# Features and Options

We offer three trailer designs to fit your pontoon and your needs

Galvanized bunk-style trailers are a tandem axle design, with brakes included standard, and have greater load capacity than most other designs (3,200 lbs.). Designed for long distance trailering, they make transporting and launching your boat more convenient and reliable. They are available in two sizes: one for 20, 22 & 24-foot models, 96-in. wide, and the other for Versailles 22 & 26-foot models, 102-in. wide.

Painted bunk-style drive-on trailers are available for 18-foot pontoon models. They come standard with single axles and have an 2,500 lb. carrying capacity.

Galvanized scissor-lift trailers have a 3,500 lb. capacity and make easy work of launching and loading your boat between seasons. Its specially-engineered scissor design allows you to pick up your pontoon from the water or ground level for seasonal storage. Also available in two tandem-axle sizes: one for 20 & 22-foot models, and the other—with brakes standard—fits 24 & 26-foot models.

## Custom Camper Enclosure

Nobody does full camper enclosures better than Princecraft. Our double bimini top design serves as a full-length sun top. Add the side curtains and you've got an enclosed shelter from the elements or roomy overnight area for camping. When not in use, just fold down the twin bimini tops and stow only the side curtains. Available on all pontoon models except the Sportfisher 18 and 20.

Half-camper enclosures allow operation of the boat in foul weather while providing a handy shelter, and can also act as a mooring cover. The cover protects the whole pontoon while allowing access to the mid-ship area. Available on all pontoon models except Versailles 22 and 26, Sportfisher 22 and Vectra 182.

Add this custom fit mooring cover to your pontoon to protect your upholstery and carpet from the elements when your boat is docked. Available for all models.

Every Princecraft boat is fitted with canvas fasteners at the factory. By using the same precise pattern to position fasteners on both boat and canvas, the canvas for your Princecraft is sure to fit perfectly. Then, we back it with a limited warranty for 5 years, so there's never a hassle putting it up, taking it down, or getting it taken care of should you have a problem.

There's a one-of-a-kind  
**Princecraft**  
for every kind of boater

Pontoon boats

Deck boats

Boats

From  
**top-of-the-line**  
luxury pontoon boats, deck boats  
and **aluminum fishing boats**

to the most utilitarian jon or Vee-bottom work boat, Princecraft® covers the waterfront with a wide range of model choices across 3 product classes and every price range. And every one is designed, built and backed to deliver you the kind of boating experience our owners have been enjoying for the past 45 years, and one that is distinctly Princecraft.

**MERCURY**  
MerCruiser

**MERCURY**  
Outboards

Princecraft factory packaged boats are available with various horsepower Mercury® outboards or MerCruiser® inboard-outboard engines.

**PLEASE READ CAREFULLY:** Dimensions, capacities, ratings, and additional specifications plus complete warranty and service information are available from your Princecraft dealer. Product illustrations and data within this catalog are based upon information available at the time of publication. Specifications were calculated by using Canadian Coast Guard and U.S. Coast Guard formulas in effect at time of publication. Because Princecraft is dedicated to constant product improvements, Princecraft reserves the right to make changes without prior notice or obligation. Ask your Princecraft dealer for the most current product specifications prior to purchase. Some of the equipment shown separately or on products illustrated in this catalog may be optional at extra cost. Princecraft is a member in good standing of the National Marine Manufacturers Association (NMMA) and the Canadian Marine Manufacturers Association (CMMA). All boats comply with Canadian Coast Guard and U.S. Coast Guard regulations. All Princecraft® boats are certified by the NMMA and CMMA for compliance with their standards for flotation, fuel systems, ventilation, electrical and safety.
