

PRINCECRAFT PONTON & DECK BOATS 2004

PRINCECRAFT
The More You Know The Better We Look

OVERBUILT, SINCE 1954

THIS IS ONE OF THE MOST MOMENTOUS TIMES IN YOUR FAMILY'S HISTORY.

Right now your family is deciding whether to purchase a pontoon or deck boat. But truly, your decision is about more than simply what brand or model to buy. The choice you make will determine how much fun your family will have together over the next several years. Whatever boat you select will be the catalyst for lifelong memories.

That's why you should choose your pontoon or deck boat very carefully. And we believe if you compare style, quality and durability you'll choose Princecraft. Take the time to inspect the seams, welds and joints of our boats and every other. Sit in the seats, check out the sight lines and be very critical.

This year we celebrate our 50th Anniversary of handcrafting boats. For five decades we've been building boats that stand the test of time in demanding Canadian waters. We're engineered for big, choppy lakes, crazy weather extremes and people who insist on quality for their enjoyment and safety.

The quality evident in every inch of Princecraft pontoon and deck boats is the envy of every other aluminum boat owner and manufacturer. Our focus on every detail has lead to a history of innovation in the design, assembly and performance of our boats. And we're committed to being the industry leader for comfort and style for the next 50 years.

We celebrate now with all the Princecraft owners who've made the right choice since 1954. And we thank all of those individuals and companies who have contributed to our unyielding pursuit of perfection—from our dealers—to our suppliers, who live in our town and whose level of quality and success is invested in ours.

When you purchase a pontoon or deck boat designed and built to the high standards of a Princecraft, every experience on the water is better. Whether you're cruising, waterskiing, fishing or camping, your family will enjoy it more in a boat you can rely upon for years and years. Maybe even long enough to celebrate its 50th Anniversary.

THE PRINCECRAFT PROTECTION PLAN. WE ALWAYS STAND BEHIND YOUR BOAT.

As testimony to our ability to craft great boats, we offer Princecraft owners what we believe is the best Protection Plan in the industry. It's essentially your assurance our pontoon and deck boats are built every bit as good as we say they are, and covers everything from hulls to canvas enclosures. It's just more peace of mind built into every Princecraft boat.

ALL PRINCECRAFT PONTOON AND DECK BOATS OFFER:

- **LIMITED LIFETIME COVERAGE** against defects in material or workmanship for all main riveted/welded hull seams defined as hull sides to bottom chine, transom to hull sides and to bottom, all pontoon main seam welds including pontoon assembly, deck risers, railings and motor mounts.*
 - **1-YEAR COVERAGE** on component parts manufactured or installed by Princecraft as well as those not manufactured by Princecraft—gauges, dash panels, steering components, hardware, pumps, windshields, fuel tanks, etc.
 - **LIMITED LIFETIME COVERAGE** to replace any wood floor parts free of charge for materials and a period of 5 years for labor.
 - **Carpet and vinyl upholstery** warranted from failure due to excessive fading or defects in material or workmanship for **FIVE YEARS**.
 - **Canvas fabric** warranted against excessive loss of color for **FIVE YEARS**.
- *Except for pontoons equipped with Performance Packages which are warranted for a period of 1 year.
- For more details on the best warranty around, see your nearest dealer.

THE LOOK OF FIBERGLASS. THE PERFORMANCE OF ALUMINUM.

ALUMINUM HULLS OFFER BETTER PERFORMANCE, FUEL ECONOMY AND TRAILERABILITY.

Simply stated, aluminum deck boat hulls offer many advantages over fiberglass hulls. Aluminum is lighter for better performance from a smaller engine, better fuel efficiency and easier trailering. Plus, you can beach an aluminum boat on a rocky shore without affecting the integrity of your bottom.

That's why Princecraft boats hold some of the highest horsepower ratings. And we pioneered the reverse chine, which gives your deck boat better maneuverability and a performance-enhancing lift.

That said, you can feel the level of engineering that went into your deck boat hull in everything you do with your boat. From sitting still to screaming across a lake. Our new generation of hull design provides unsurpassed durability and performance.

In addition, we use only H36 aluminum throughout our boats for uniform strength. H36 creates a truer hull shape that is smoother and less prone to flex because it's 25% harder than

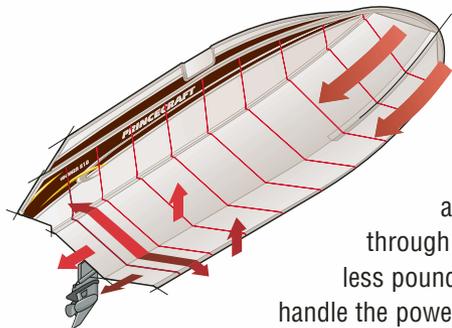

the aluminum used by almost every other boat builder.

Plus, each model has been custom-engineered for Mercury engines to optimize performance. Whether you want Mercury® two or four strokes, outboard or MerCruiser® stern drive—Mercury Marine provides unmatched quality, reliability and power.

All of which is specifically engineered to provide your family with more good times. Compare our deck boats to the competition and we think you'll agree it's obvious we're more committed to your enduring satisfaction. That's why the most experienced boaters are our best customers. And why the more you know the better we look.

Each Princecraft deck boat hull is designed with a wider, deeper-vee hull. This bottom design gives our boats greater load capacity and makes them amazingly stable while underway or idling. In addition, a deeper vee cuts through rough water better—with less pounding. And a better hull can handle the power of larger, faster engines.

DECK BOAT SERIES

AT THIS SPEED YOUR WORRIES CAN'T POSSIBLY KEEP UP.

Princecraft aluminum deck boats not only offer unmatched comfort for your whole family, they offer incredible performance too. With our advanced hull design, our deck boats are much faster out of the hole, and provide greater speed and maneuverability with less horsepower. Plus, fiberglass is up to 50% heavier than aluminum, so our boats are easier to trailer to your favorite lake. In addition, aluminum boats enable you to beach your boat on sandy or rocky shores without having to worry about your hull.

*A weather-protected 200-watt stereo with CD player enables you to listen to your favorite music while you're docked or cruising.**

Tell everyone about all the fun you're having. This convenient 12-volt receptacle allows you to recharge your cell phone while underway.

Four quick-release bimini top latches enable you to lower the top to go under bridges or for inside storage of your boat.

- Innovative deeper-vee reverse chine hull*
- Smooth side panels*
- Plush upholstery*
- Ergonomically designed helm station*
- Full-length sun deck*
- Pop-up privacy enclosure**
- Integrated swim platform with ladder**
- Roto-Cast furniture bases*
- Large storage compartments*
- Full-length ski storage*
- Flush-mount halogen docking light**
- Built-in fuel system (189 L/50 U.S. gal.)*
- 4 quick-release bimini top latches*
- Anchor storage*
- Captain's chair with adjustable bolster**

**Vacanza models only*

Our plush and soft-upholstered captain's chair with adjustable bolster is not only comfortable but puts you in command of the water. (Standard on Vacanza models, optional on Ventura models.)

A fiberglass bow section comes with two flush-mounted halogen docking lights, telescoping beach landing ladder and built-in anchor storage. (Standard on Vacanza 240V & 210V Wake Xpress, optional on Vacanza 210V I/O, O/B & Ventura Series boat.)

A tilt-steering wheel allows for easy adjustments from driver to driver, and makes it easier to steer from a standing position.

Why go to shore when this convenient privacy enclosure provides all the privacy you need right on board. It stows easily when not in use.

Skis, ropes, wakeboards and everything else stores conveniently out of your way.

OPTIONAL EQUIPMENT

*The rectangular pedestal-mount snack table with drink holders is easily stowed when not in use.**

*Our oval pedestal-mount snack table with drink holders is perfect for entertaining while cruising.**

These bow lounge cushions convert the boat's bow into a sun lounge, and stow easily when not in use.

A pop-up privacy enclosure is up and down again in a minute (Ventura 222V & 190V).

A stainless steel optional ski bar is bolted to the boat's main structure for maximum strength.

A tilt-steering wheel conveniently allows you to adjust the helm from driver to driver, and makes it easier to steer from a standing position (Ventura Series).

Let the good times rock and roll with our 200-watt Clarion marine AM/FM/CD player (Upgrade exchange on Ventura models).

Play DJ for the whole lake with our Sirius® satellite-ready 208-watt Clarion Marine AM/FM/CD player with CD/DVD changer control.

On Ventura 221V & 191V models a removable gate privacy enclosure makes for a handy changing room and stows easily when not in use.

This vibrant yellow accent graphic can give you and your boat a more sporty, tropical appearance (Vacanza Series).

*A chemical marine toilet provides you with added convenience for overnights or weekends aboard. It comes complete with holding tank and pump-out system.**

A full-width rear swim platform is the perfect accessory for swimming, skiing or fishing from your sterndrive boat (Ventura 222V I/O & 190V I/O).

Flush-mounted halogen docking lights come in very handy for early morning or late evening docking maneuvers (Ventura models).

A galley conversion provides all the conveniences of a sink and running water on your deck boat (Ventura 222V & 221V).

**Available on select models. See Features and Options section on page 17.*

DECK BOAT SERIES

CUSTOM-MATCHED TRAILERS

Because our custom-made deck boat trailers fit your boat's hull precisely, loading and unloading is much easier. Our fenders also feature integrated step pads to make climbing in and out easier while the boat is on its trailer. Our trailers also come with standard swing tongues to help maximize your available storage space. And their heavy-duty design, high load capacity and radial tires give you peace of mind when trailering for any distance.

ONE OF THE FEW WAYS TO SPOIL YOUR KIDS AND YOURSELF AT THE SAME TIME.

YES, A PERFORMANCE PACKAGE IN A

A pontoon boat is your chance to have all the space and comforts of home on your favorite lake or river. But a Princecraft Pontoon heightens any experience on the water because of our unsurpassed quality and comfort.

So not only will all the fun make your family feel privileged, you will too.

Every feature built into our pontoon boats, from the functional to the luxurious, is designed with our legendary attention to detail. And as the captain of your vessel, it's your job to make sure your guests are having the time of their lives. In a Princecraft you'll be sure. Because we think of everything, such as maximum floor space, plush seats to a smooth engineered ride.

Choose the model that's right for your family. From our luxurious Versailles models, to our Sportfisher Series for anglers, to our versatile Vantage models and affordable Vectras.

THREE TUBES
A third pontoon log improves the stability and performance and greatly increases the load and power capacities.

UNDER-DECK SPRAY SHIELD
An under-deck spray shield provides a smoother ride by preventing waves from hitting the cross channels. A lifesaver in rough water.

LIFTING STRAKES
Lifting strakes optimize performance by lifting the boat on plane and significantly reducing the surface area of the pontoon logs in the water, especially at higher speeds.

OPTIONAL PERFORMANCE PACKAGE

Triple pontoon performance package incl. 3rd log, under-deck spray shield, Sea Star hydraulic steering system & lifting strakes

○ Option * N.M.M.A. (USA)/Manufacturer's recommendations

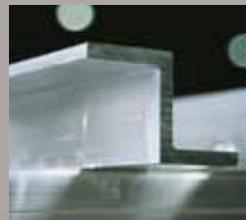

1. Lifetime guarantee on pressure-treated decking
2. Marine-grade carpet
3. Hidden cables and wiring
4. Full-length keel
5. Full-length deck risers*
6. Air-tight pontoon chambers
7. Hydrodynamic V-shaped motor pod**
8. Heavy-duty Z-Bar cross members
9. Stainless-steel fasteners

* On most models

** The hydrodynamic design of our V-shaped engine pod helps your pontoon cut through the water, eliminating the banging common to other designs. The motor pod is reinforced to accommodate larger engines and it keeps your outboard at the optimal running height for maximum performance.

Heavy-duty V-keel at the bow
Our extruded aluminum "V" keel enables your pontoon to cut through the water better, enhancing performance and protecting the nose piece for years of durability.

Z-channel
Z-shaped deck supports are made of heavy-duty aluminum extrusions and placed strategically throughout your pontoon to support loads and add structural integrity.

Pressure tested chamber tubes
Each Princecraft pontoon log features several bulkhead chambers which are sealed air tight. Each chamber is pressure checked at the factory and designed so if a puncture occurs, water saturation would only affect one section. Bulkheads also provide extra structural integrity.

PONTOON BOAT.

Many pontoon builders talk fast and loose about performance. But Princecraft pontoons are engineered so thoroughly, our boats actually deliver surprising performance to those customers who want a little more. The Performance Package pontoon offers all the space you want with power and speed to spare. You may want to waterski or tube, or hurry home to dinner. And at increased speeds you'll be glad your Princecraft Pontoon is engineered so well. Our Performance Package includes a third log for greater floatation and engine capacity, under-deck spray shield, lifting strakes and hydraulic steering.

THE MOST LUXURIOUS FAMILY PONTOON

VERSAILLES® SERIES

THE ONE VESSEL TO MAKE FUN AND LUXURY SYNONYMOUS.

There is a vision in your head of you and your family being as happy as you've ever been together. We created the Versailles Series pontoons expressly for you to chase that vision. Every luxurious feature is worthy of your lifelong dream. And everyone who rides along feels a part of something extraordinary.

*Double-wide captain's chair with slide and swivel
Lounge seats with wider bases and backs
Pop-up privacy enclosure
[129 L/34-U.S. gal.] built-in fuel system
Ultra-plush luxury upholstery
Inclined chaise lounge
Flush-mounted halogen docking lights and navigation lights
Integrated splash shield nose design
Performance-enhancing 25"-round logs
Chromed cleats
200-watt AM/FM stereo with CD
Ergonomically-designed helm
Fully lit instrumentation with multifunction digital gauge
Walk-thru rear gate with boarding ladder
Gates with lift-and-lock hinges
Stainless-steel, quick-release bimini top latches*

With all the room on your Versailles pontoon and great 200-watt AM/FM stereo with CD, who knows what could happen.

A deluxe fiberglass helm console with thermoformed wood-grain dash and gold bezel trim on the gauges is standard on all Versailles models.

Our deluxe reclining captain's chair can be an upgrade to the standard double-wide captain's chair.

Four quick-release bimini top latches enable you to lower the top to go under bridges or for inside storage of your boat.

Soft footlights at the base of our seats not only make it easier to move around the pontoon during evening excursions, but they help set a tranquil mood for sunset cruises.

A handy rear table helps you stay organized while serving all your guests.

This clever bow table features a sliding top with 4 cup holders, a portable tray that also extends the size of the table, and it opens to a cooler for all your refreshments.

What could be more convenient? Our large console has plenty of room for meals or snacks or whatever. And also includes a sink with running water.

VANTAGE® SERIES

ABOUT A MILLION TIMES MORE FUN THAN THE END OF THE DOCK.

Our Vantage Series boats are not just pontoons, they symbolize freedom. You're free from the responsibilities that shadow you on land, free from the mundane, and free from the worry of whether you chose the right pontoon boat. Because a Vantage pontoon has everything your family needs to monopolize fun.

Our captain's chair is even more plush, and is as comfortable as your favorite chair at home but with a better view.

A convenient cooler is built in the seat base to keep everybody and everything cool.

A removable cup holder allows you to take your beverage around the boat with you.

- Chaise lounge**
- Rear padded sun deck**
- Lounge seats with wider bases and higher backs**
- [129 L/34-U.S. gal.] built-in fuel system**
- Soft, plush upholstery**
- Rear access gate with ladder**
- Navigation lights**
- Quick-release bimini top latches**
- Chromed cleats**
- 100-watt AM/FM stereo**
- Ergonomically-designed helm**
- Complete fully lit instrumentation**
- 25"-round pontoon logs**

Our chaise lounge offers so much thick, soft upholstery you'll never want to leave its comfortable embrace.

The dash features fully lit instrumentation and is ergonomically designed to give you plenty of leg room.

Our relaxing chaise lounge is the perfect way to get a perfect tan.

The Vantage 22 SS comes with two soft and plush captain's chairs in the bow.

The ergonomically designed helm features a sport wheel and glove box. Everything is within easy reach for added comfort and safety.

INTRODUCE YOUR FAMILY TO ALL THE FUN

VECTRA® SERIES

RATHER THAN BEING A PARENT ON THE WEEKENDS, HOW DOES "SUPERHERO" SOUND?

Often our job as parents is to nurture and teach our children. But what if we ascribed to something considerably more exciting? Our Vectra Series pontoons are just the thing to make you superhuman in the eyes of your kids.

VECTRA 181, 182

Princecraft's reputation for plush upholstery has never been better deserved than our new, stylish designs for Vectra pontoons.

Vectra pontoons offer plenty of underseat storage to keep everything in its place.

An optional removable privacy enclosure makes changing simple and stows easily when not in use (except Vectra 16).

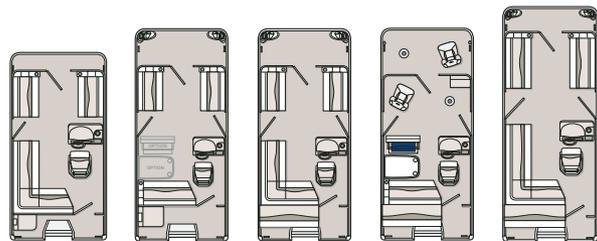

Vectra 161

Our captain's chair offers all the comfort befitting the title of "captain."

This dinette table has a handy reversible seat which doubles as a forward-facing seat to enjoy either view (standard on Vectra 182, optional on Vectra 180, 181 & 200).

When you bring along the whole family you'll need a lot of storage for your gear.

FISHING WITH THE WHOLE FAMILY

SPORTFISHER™ SERIES

SO COMFORTABLE, YOU MIGHT JUST HAVE TO FISH ALL DAY LONG.

Our Sportfisher Series pontoons are the best of three worlds. You get all the comfort and space of a pontoon, in a boat loaded with fishing features, and it's a Princecraft.

So you can fish your life away in a pontoon renowned for its performance and durability.

We offer pedestal swivel seats that provide hours of comfort chasing fish, and fold down when not in use.

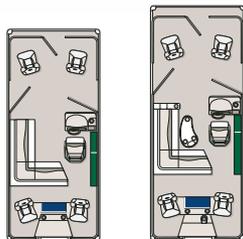

A lockable rod storage enables you to keep your rods right where you want them — on your fishing machine.

An optional bow trolling motor awaits your power to maneuver at your favorite fishing spots.

OPTIONAL EQUIPMENT

*A waterski tow bar helps add to the fun and keeps the tow line away from the engine.**

*A bow gate seat can convert your bow seating into a U-shaped lounge for added seating and style.**

A four-step, folding boarding ladder mounts to fittings on either side of your pontoon.

*A bow-mounted grill is a great option to extend your hours on the water. And you've never had fish as fresh.**

*Bow sun cushions fold out to form a lounge, and stow easily when not in use.**

*A pedestal-mount oval snack table is complete with drink holders and is easy to stow when not in use.**

*Flush-mounted halogen docking lights are perfect for early morning or evening dock maneuvers.**

*Tilt steering allows the driver to adjust the wheel to make getting in and out, and driving while standing easier.**

*Our luxury reclining seat at the helm is a great option for everyone who wants an added measure of comfort on the water.**

*A removable-gate privacy enclosure provides a quick and easy changing room in the middle of anywhere.**

*A larger, pedestal-mounted, rectangular table comes with drink holders and stows easily when not in use.**

Crank up the engine and crank up the tunes with our 200-watt AM/FM stereo with CD. (Option on Vantage, Vectra & Sportfisher.)

This spacious pull-out sleeper bed folds out to form a roomy overnight lounge, then retracts easily when it's time to get underway.

*On select models, an optional chemical toilet is great for overnights or extended weekends. Complete with holding tank and pump-out system.**

*Know what's going on down there with a state-of-the-art Lowrance® X-51 fish/depth finder.**

A 208-watt AM/FM stereo with CD just in case you find yourself in a stereo war. Sirius® Satellite-radio ready with CD/DVD changer control.

*Our convenient bow table features a sliding top with 4 cup holders, a portable tray that also extends the size of the table, and it opens to a cooler for refreshments.**

**Available on select models.*

PONTOON SERIES

CUSTOM - MATCHED TRAILERS

- Galvanized bunk-style trailers are a tandem axle design, with brakes included standard, and have greater load capacity than most other designs (3,200 lb. for 2-log pontoon models and 7,000 lb. for 3-log pontoon models). Designed for long distance trailering, they make transporting and launching your boat more convenient and reliable. They are available in four sizes: one for 20 & 22 foot models, 96-in. wide, one for 24-foot models, 96-in. wide, one for 20 & 22 foot boats, 102-in. wide and one for 24 & 26 foot boats, 102-in. wide.
- Galvanized scissor-lift trailers make easy work of launching and loading your boat between seasons. Its specially-engineered scissor design allows you to pick up your pontoon from the water or ground level for seasonal storage. Also available in two tandem axle sizes: one for 20 & 22-foot models with 2,800 lb. carrying capacity, and the other - with the standard brakes - fits 24 & 26 foot models and has 3,500 lb. carrying capacity.
- Painted bunk-style drive-on trailers are available for Vectra and Sportfisher 18 pontoon models. They come standard with single axles.

Boat/motor packages are available with Mercury® outboard and Mercury® MerCruiser® sterndrive power.

Complete, easy-to-assemble canvas enclosures are perfect for foul weather and extending your boating season, too. And nobody does canvas enclosures better than Princecraft. Because we bring the same attention to detail to your enclosure as we do the rest of your boat.

1. Color-coordinated to your boat, this double-bimini top design works as a full-length sun shade. Add the front, side and aft curtains and you've got an enclosed shelter. When not in use it stows easily (available on select models)*.
2. Half-camper enclosures allow operation of the boat in foul weather, and can also act as a mooring cover. The cover protects the whole pontoon from the elements while allowing access to the mid-ship area (available on select models).
3. Custom-fit mooring covers available on all models keep rain and dew outside and everything dry inside.

PONTOON SERIES CUSTOM-FITTED CANVAS

Four quick release bimini top latches enable you to lower the top to go under bridges or for inside storage of your boat. You may choose our optional bimini top travelling struts to further reduce wear or damage of your top while trailering. This will also give you better fuel economy (except Vectra models and Sportfisher 18 and 20).

Every Princecraft boat is fitted with fasteners for canvas tops at the factory. By using the same precise specs to position the fasteners on both your boat and the canvas your top fits perfectly at every snap.

* Remember to refer to your owner's manual for information concerning carbon monoxide and the use of canvas.

SUGGESTED OPTIONAL BOW MOUNT FOOT CONTROL TROLLING MOTORS	VECTRA	SPORTFISHER

Pontoon Boats

Deck Boats

TURNING ALUMINUM INTO GOLD.

For 50 years Princecraft has been crafting fun out of aluminum, which has helped untold families collect golden moments throughout their lives. More than a pontoon or a deck boat, we want every Princecraft to represent the best times in your life. That's why we sweat every detail in the manufacturing process. That's why we build every boat to perform better and last longer than you imagined. We never forget what's riding on your purchase of a boat. And the quality behind our name is our way of thanking our loyal customers since 1954.
