

**PRINCECRAFT**<sup>®</sup>  
The More You Know The Better We Look

**2007 PONTOON & DECK BOATS**

Except for the water, Princecraft owners don't just jump into things.

---

There are certain traits all Princecraft owners share. Among them: knowing how to live, and an understanding that knowledge is power. Our customers are people who research and compare brands before they buy almost

everything in life. Because, like you, experience has proven over and over again a better-informed purchase decision provides the greatest value. And, scrutinizing quality helps to ensure you make the most from your

family's time together. That's why our assertion that "the more you know the better Princecraft looks" resonates so well with our customers. Of course, there are certain traits all Princecraft pontoons and deck boats share

too. Each model in our full line is designed to offer maximum space and optimum performance. We understand thorough design and durable construction are also important to your family, so every model is built with unrivaled fit and finish.

Check out the incredible priority we put on comfort and amenities and see if any other brand compares. You'll then have the peace of mind knowing you drank deeply from the fountain of knowledge, while others just gargled.

Optional rearview mirror

# VACANZA COLOR SCHEMES

## An optional graphic exchange

When you build deckboats as durable as Princecraft, styles must be designed to last decades. Vacanza Series deck boats are offered in five timeless color choices with matching interior upholstery. Yet, if you want to exhibit a more customized look, you can select from additional striping options including 2" yellow, red or blue tape depending on base color.
