

Pontoon & DECK BOATS

PRINCECRAFT®
The More You Know The Better We Look

You just became
The lake's favorite boater

Owning a Princecraft pontoon or deck boat makes you a pretty popular person, according to people and bodies of water everywhere. That's because at Princecraft, when it comes to the amenities owners look for, we take pride in providing "more". More seating. More legroom. More storage capacity. We build our boats that way so you can get the most out of your time on the water. The most fun. The most laughs. The most time well-spent with friends and family.

You have high expectations. We deliver.

Everybody's happy: you, your friends and family, and the water.

YOU PROVIDE THE SOUNDTRACK.

Out on the water, all you want to hear are the voices and laughter of friends and family—and little else. That's why Princecraft features a V-shaped motor pod. This design helps reduce engine noise, and it helps your boat power through the water with little interference. Low on noise, low on disturbance. High on enjoyment.

FLOAT ON PERFECTION.

It goes without saying, but staying on top of the water is priority number one. That's why we use only perfectly round pontoon tubes, made of the most durable marine aluminum alloy on the market. Each tube is composed of multiple airtight chambers, constructed and thoroughly tested for maximum safety. Our tubes make our pontoon boats unsinkable.

HAPPINESS IS SOUND CONSTRUCTION.

Excellence on the water begins with high quality in the manufacturing process. We use extruded aluminum alloy in M-bracket and Z-bar construction. Put them together and they spell strength and dependability. They create a resilient backbone and framework that delivers outstanding performance for even the most avid boaters.

GO FAST, STAY DRY.

Splashing is for the kids in the water—not for you and your friends on deck. The SVX and Versailles Series feature our custom-designed dolphin nose bow with built-in splash guards. Every dolphin nose bow has a reinforced keel at the front to break waves with little effort. The result? You stay drier while you're on board.

LOOKS LIKE SMOOTH BOATING AHEAD.

Stability and a care-free ride. Isn't that what everyone's looking for? Princecraft owners definitely are. Our pontoon tubes are outfitted with full-length keels. The extruded aluminum keels allow your boat to travel with ease along the water—even on choppy days—and gently absorb any turbulence from landing on a sandy beach or a rocky shore.

KEEP YOUR SEA LEGS UNDER YOU.

Our boat decks are built with 3/4-inch pressure-treated plywood and are backed by our limited lifetime warranty. Your pontoon deck will keep you on even footing for years to come.

IF A FORTRESS COULD FLOAT...

In 55 years of boat building, we've learned a thing or two that helps us create superior products. We use the finest aluminum alloys available for marine use. Our deck boats are manufactured in a meticulous, three-step process combining welding, riveting and aeronautic adhesives. The result is the most soundly constructed vessel on the water. And the fit and finish of all of our products are unmatched. It makes for a worry-free boat ownership experience. You can search as much as you'd like, but you just won't find a more well-constructed water craft.

Unmatched
PERFORMANCE

Herculean
STRENGTH

Unrivaled
DURABILITY

THE ADVANTAGES OF *Aluminum Deck Boats*

- Longer life, higher resale value
- Better performance, smaller engine
- Plane faster and remain on plane at slower speeds
- Better fuel efficiency, easier towing
- Lower maintenance than fiberglass
- Greater hull resilience
- Higher all-around durability

EXPERIENCE THE

Fun zone

**ROOM TO MOVE. ROOM TO RELAX.
ROOM TO ENJOY.**

The Fun Zone is uniquely designed by Princecraft to add hours of enjoyment to your time on the water. Blending function and style, this area at the boat's stern is ideally suited for both relaxation and recreation, day and night. Innovations like the Fun Zone are what keep Princecraft at the forefront of boating world.

- Unique styling and design features for all day comfort and enjoyment
- Ultra-plush furniture
- Oversized swim platform
- Stereo remote control
- Drink holders
- Unparalleled fit and finish for convenience and safety
- Anti-skid vinyl flooring
- Smooth fence rails
- Finger-pinch guard hinges on all gates
- Easy access to engine

Deck Boat SERIES

Vacanza Series

Go ahead, throw your feet up. They'll stay put.

It's all about comfort aboard the Vacanza Series. You'll find plenty of space to go around, plus excellent performance and a smooth ride. All you relaxation enthusiasts out there, feel free to pursue your passion all day long.

Ventura Series

Go skishing.

Some people love waterskiing; others live for fishing. That's why we've built the Ventura Series. These boats are versatile enough to keep enthusiasts from both sides of the marina happy. Whether it's watersports, fishing or entertaining, these boats do it all with style.

Pontoon SERIES

SVX & Versailles Series

A performance this good deserves a standing ovation.

This is it. The SVX and Versailles Series are the cream of the Princecraft crop. Numerous extras, top-notch performance and a plush finish make these boats the envy of your fellow skippers. Congratulations: you've reached the pinnacle of boating luxury.

Vantage Series

You might call it your.

Spending the day on the water with the family is time well spent. It tightens bonds and renews relationships. It helps you keep life's priorities in order. So grab the family, jump on board a mid-range Vantage Series boat and remember what life is all about.

Vision & Vectra Series

Lots of room. Plenty of function. And tons of fun.

It's the perfect combination when tubing, waterskiing and other watersports are a priority. Equal parts stylish and practical, the entry-level Vision and Vectra Series deliver sound performance and a sharp finish.

Sportfisher Series

Bait 'em. Cast 'em. Relax.

The Sportfisher Series is built specifically with anglers in mind. That is, anglers who don't mind kicking back and stretching out between bites. You'll enjoy the space and comfort a pontoon offers. Who you welcome aboard is up to you.
