Performance

Pontoon Boat

PERFORMANCE PACKAGE

Hang on for the thrill of a lifetime

When it comes to performance, you should never have to settle. That's why every Princecraft pontoon boat offers amazing power and versatility. With our Performance Package, you'll not only get the equivalent of a turbo-charged pontoon, you'll enjoy the perfect combination of pontoon features and deck boat thrills.

A third pontoon log expands your fun

Roominess and speed in one boat

Improve handling and stability

HYDRAULIC STEERING

With the improved performance of larger engines and faster speeds, Performance Package pontoons are equipped with hydraulic steering for easier maneuvering.

THREE TUBES

A third pontoon log gives you better stability and performance while greatly increasing the load and power capacities.

REINFORCED AT PRESSURE POINTS

With larger engines producing faster speeds, Performance Package pontoons are reinforced at pressure points such as the nose cone to absorb more stress and pounding.

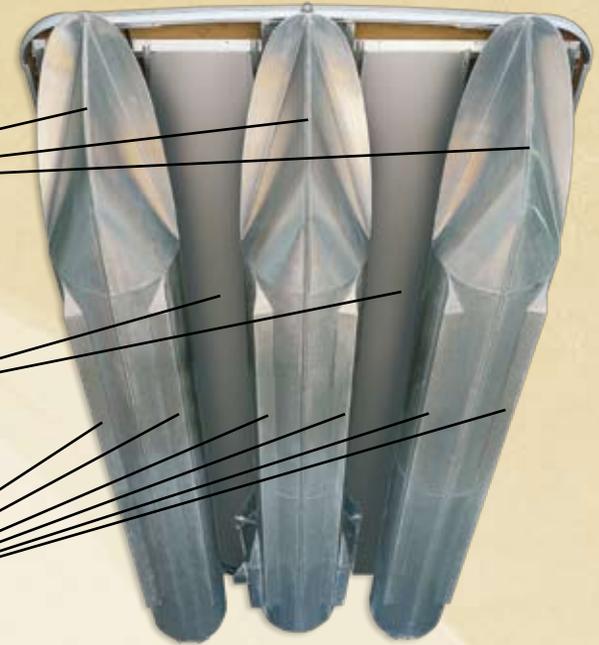

UNDER-DECK SPRAY SHIELD

The under-deck spray shield will provide a smoother ride and better performance at higher speeds by preventing waves from hitting the under floor cross channels.

LIFTING STRAKES

Lifting strakes give you additional lift for faster running by significantly reducing the surface area of the pontoon logs in the water, especially at high speeds.

Pontoon Performance Package

including 3rd log, under-deck spray shield, hydraulic steering system & lifting strakes
