2020 FISHING BOATS
catalogue!

DRIVEN TO BE THE BEST!

I'm proud
to present
our Princecraft®
product lineup
for 2020.

WITH TODAY'S HECTIC PACE OF LIFE, IT'S IMPORTANT TO BE ABLE TO STOP AND TAKE A BREAK. Princecraft® is committed to helping you get away from it all with family and friends. Hop aboard a Princecraft® and enjoy hours of worry-free fun and relaxation.

Princecraft® boats are designed and manufactured in Canada by a team of experienced and dedicated people who are constantly pushing boundaries to reach new heights in excellence.

We listen carefully to feedback from customers and dealers and conduct in-depth analyses of our products to come up with new innovations. Our mission is to create happy customers by giving you a product that combines original design, top-notch quality, and unsurpassed performance. You can count on years of hassle-free enjoyment out on the water.

Our success can be attributed to many different things: the expertise and dedication of our dealers, products that deliver quality, performance and innovation tailored to our customers' needs, efficient and convenient service, loyal employees who are proud to be our brand ambassadors, and active collaboration with business partners who grow as we grow.

Our vision of the future is simple. We plan to continue building on our strengths to create synergy based on the pride and expertise of our employees. We're committed to meeting our customers' needs and offering unmatched service through our dealers. Together, we're working to deliver service that goes above and beyond.

Now is the time to turn your dreams into reality.
On behalf of everyone at Princecraft, happy boating!

RODIER GRONDIN, president

WHY CHOOSE A PRINCECRAFT® PONTOON BOAT?

WITH A FLAWLESS TRACK RECORD GOING BACK MORE THAN 65 YEARS, PRINCECRAFT® IS PROUD TO BE A TRUSTED PARTNER FOR BOATING ENTHUSIASTS. As the company has grown, our boats have gradually developed to the point where boat and skipper are now virtually one. We've mastered a manufacturing process that delivers the relentless reliability our customers want and the toughness to stand up to virtually anything. Princecraft® continues to lead the pack by listening to what our customers need and making sure we give them just that.

We know how to leverage the latest technology to manufacture pontoons of uncompromising quality. Our state-of-the-art processes use high-quality 5052-H36 aluminum. We're one of the few companies in North America to use it and we're proud to deliver an end product that has earned a solid reputation in the boating community. The H36 marine alloy is cut and folded in a single piece and is 25% harder than any other aluminum alloy in the industry, its yield strength is so high that it's virtually impossible for it to lose its shape. Boaters enjoy a smoother ride and peace of mind because H36 is more scratch resistant than other materials.

All the equipment on Princecraft® pontoon boats is marine grade, for long-term moisture resistance. The electronic components use waterproof connectors, and our stainless steel and aluminum hardware is extremely durable and won't rust. In terms of technology and performance, we take pride in our heavy-duty, lightweight engine mount. The hydrodynamic V-shape design helps your pontoon cut through the water while keeping the outboard motor at the ideal height. We use extruded aluminum M-brackets with four contact points on the top and sides of the pontoons to make the frame as strong as it can possibly be. Pontoons come in three different configurations: Performance, Sport, and Speed. For optimum performance, each pontoon has several hermetically sealed chambers that are thoroughly tested for watertightness before they leave the factory.

The decking is ¾ inch pressure-treated plywood, and our seat bases are reinforced and bolted down through an aluminum plate under the floor for maximum sturdiness. Fasteners for tops and canvas enclosures are manufactured from personalized templates and factory installed for a precise fit, whatever the year or series of your boat. Several fishing models have fold-down fishing seats, a trolling motor outlet, storage space for batteries and fishing rods, and livewells.

Rest assured that when you choose Princecraft® pontoon boat, your safety is in the hands of our experienced research and development

“WHEN YOU CHOOSE PRINCECRAFT® PONTOON BOAT, YOUR SAFETY IS IN THE HANDS OF OUR EXPERIENCED RESEARCH AND DEVELOPMENT TEAM AND OUR DETAIL-ORIENTED EMPLOYEES”

team and our detail-oriented employees. They're experts in crafting comfortable interiors and outstanding finishes. Complete your boat shopping experience with a range of options to satisfy every need and our comprehensive warranty.

To sum up, our vast expertise and unsurpassed attention to detail have made us a leader on the North American boating

scene. Princecraft® delivers the high standard you expect. Your pontoon is designed to last and deliver decades of adventure on the water!

DID YOU KNOW?

To achieve a harder aluminum alloy, big blocks of aluminum are pressed in rollers until reduced to the desired thickness. The higher the number after the H, the more tightly the aluminum is compressed for greater rigidity.

OUR SECRET: H36 ALUMINUM

Princecraft® hulls are the strongest and most durable on the market because they are made with the best marine-grade aluminum in the business, 5052-H36.

- › **25% STRONGER THAN THE ALUMINUM USED BY MOST OF OUR COMPETITORS**
- › **MORE RESISTANT TO SHOCK AND WARPING**
- › **MAINTAINS PEAK PERFORMANCE**
- › **HELPS BOOST BOAT RESALE VALUE**

BIG ADVANTAGES

The harder the material, the better it holds up to dents and abrasion. In fact, the H36 acts kind of like an airbag for your boat. It has such a high yield strength level that it's virtually impossible to dent. So it's the best way to keep you protected and safe while you're on the water.

If you run aground or hit a rock with your Princecraft®, you can rest assured that your boat is as solid as they come. We've put the H36 alloy through the ringer in rigorous comparative lab trials*, and the results are very conclusive: the H36 is much more likely to hold its shape on impact than the H32 and H34 alloys used by the competition.

PONTOONS: BRILLIANTLY DESIGNED FROM START TO FINISH

QUIET PROPULSION

The V-shaped motor pod cuts engine noise and vibrations.

UNSINKABLE PONTOON TUBES

The toughest marine grade aluminum alloy available (5052-H36) provides better load capacity. Multiple airtight chambers make our pontoons virtually unsinkable. Each chamber is subjected to strict pressure checks to ensure our pontoons provide maximum safety.

STRONGER CORE STRUCTURE

Extruded aluminum M-brackets and Z-bars are tougher and more reliable, creating exceptionally high performing frame and core structure.

AERODYNAMIC DOLPHIN NOSE

(On Vogue Series and Performance Configuration only)
The extra long, reinforced bow breaks waves smoothly. Built-in splash guards on the tubes ensure a dry ride.

FULL-LENGTH KEELS FOR INCREASED STABILITY

Full-length, extruded aluminum keels on the tubes guarantee a smooth ride—even in choppy water—and absorb bumps when landing on sandy or rocky beaches.

**DURABLE,
WATER-RESISTANT DECKS**
Built with 2 cm (¾") pressure-treated plywood and backed by our limited lifetime warranty, our decks are designed to last for years.

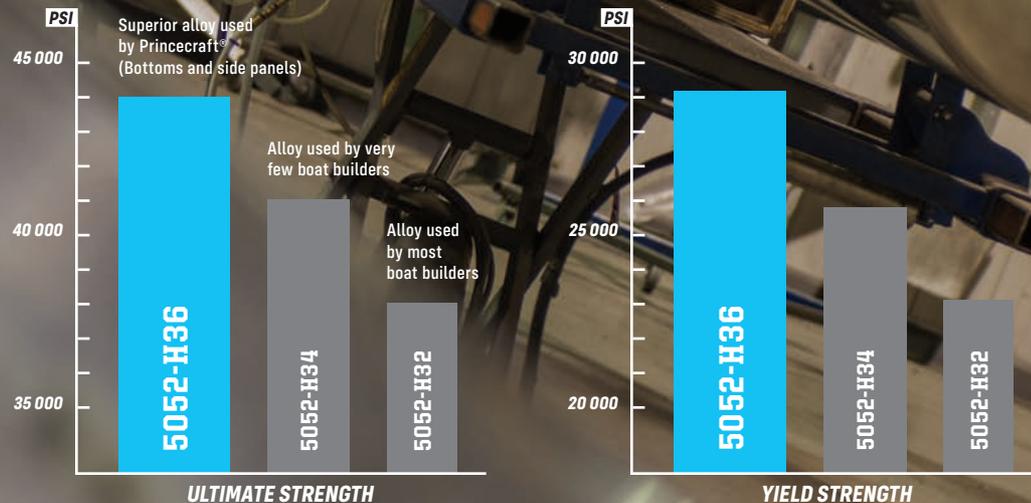

DECK BOATS: SOLID PERFORMANCE

Everything about our deck boats—the exceptional design, assembly, welding, riveting, precise adjustments, series of tests they undergo, and flawless finish—is the result of painstaking attention to detail.

Plus, they're made with the toughest marine grade aluminum alloy available (5052-H36) and aircraft grade adhesive.

**THE RESULT IS A SOLID, HIGH PERFORMING WATERCRAFT
THAT IS LIGHTWEIGHT AND ASTONISHINGLY STABLE.**

LOOKING FOR A BOAT TO USE FOR FISHING AND FOR FUN?

MEET THE
VENTURA

High performance is the name of the game! The Ventura has it all—features for anglers in addition to comfort and stability and the roominess of a pontoon boat.

PAGE 10

OVERVIEW OF A DECK BOAT

YOU'VE BEEN AN AVID ANGLER FOR A NUMBER OF SEASONS AND HAVE ALWAYS BEEN HAPPY WITH YOUR BOAT. BUT RECENTLY YOU'VE BEEN ENJOYING FUN TIMES ON THE WATER WITH YOUR FAMILY. You'll be delighted to hear you don't have to worry about choosing between boat types. And pleasure boaters won't have to make any compromises either if they decide to take up fishing. Princecraft® has the perfect solution to keep everyone happy! Our team knows what it takes to meet your changing desires and give you the best of worlds in a way you never thought possible. Introducing the Ventura deck boat!

The Ventura was born from an original idea we had in 1992. As you can probably guess, it's the ideal vessel for anglers and pleasure boaters alike. Start the day angling for a delicious fish supper and take the family out for a fun afternoon waterskiing later on. Ventura lets you do both!

With a deck boat, you have all the speed and other advantages of a fishing boat combined with the convenience of a Princecraft® pontoon boat. The hull is made of H36 aluminum, for performance that's hard to beat. The reverse chine allows for faster and smoother planing. Greater lift means more speed, and with a higher buoyancy point, Ventura boats have a higher load capacity. Plus, you can beach directly on the shore.

Try doing that with a fiberglass hull, which will inevitably show damage over time. Since H36 aluminum is stronger, more durable, and up to 40% lighter than fiberglass, you'll spend much less on gas—both on the water and on the road—with a Ventura.

Come aboard and see how the Ventura deck boat puts the "pleasure" in pleasure boating. The Ventura 220 WS/190 is all about comfort and convenience. Ventura models 222 and 192 have a split personality that makes them easy to operate for fishing and for fun on the water. Models 224 and 194 are hands down a fishing enthusiast's dream. You'll appreciate the same level of comfort and convenience as a pontoon boat. Some models are loaded with features such as lockable storage space for waterskis and fishing rods, front fishing seats, optional swim platform, waterski tow bar, ice chest with drain, electric-filled aerated livewell, and adjustable swivel captain's chairs. Our Ventura deck boats truly have it all!

In addition to offering you the best of both worlds, Ventura deck boats are built to last and their resale value is the highest in the industry—by far. Your boat is an investment, and at Princecraft® we build pride into every vessel we make. We're as passionate about our boats as you are about spending time on the water.

OVERVIEW OF A PONTOON BOAT

OVER THE YEARS, TASTES AND PREFERENCES FOR FUN ON THE WATER HAVE CHANGED, AND PONTOON BOATS HAVE ALWAYS KEPT UP WITH THE TIMES. When it comes to pleasure boating, Princecraft® is a leader in North America because we're always looking to the future.

We've come up with four keel configurations for you to choose from, based on your boating style and habits. And we've developed eight series, for even more choice. Our line of pontoon boats ranges from the robust and reliable Voyageur to the sumptuous high-end Vogue with its luxury features.

We put years of expertise into each pontoon boat we make, from the first steps in the production process to the last finishing touch. We wouldn't want it any other way—you deserve the perfect boat. Our unique processes mean you're getting quality, performance, safety, amenities, and comfort you won't find anywhere else. Step aboard a Princecraft® pontoon boat and be ready to marvel at how much space there is, how easy it is to move around, and how many convenient features you have right at your fingertips. As the sun goes down, you won't want your perfect day on the water to come to an end. But not to worry. Your boat is something special. It'll be ready and waiting for another five-star experience next time the sun comes up.

OPTIONAL SPEED, SPORT, AND PERFORMANCE CONFIGURATIONS

POWER AND SPEED: CHOOSE WHAT'S RIGHT FOR YOU

Princecraft® offers a number of Performance Configurations to ensure your pontoon boat is perfectly adapted to your needs. Our advice: choose the one that will meet all your needs for years to come!

★★

CLASSIC CONFIGURATION

These pontoon boats are equipped with a double pontoon, which provides stability, maneuverability, and a high degree of comfort for both driver and passengers. This configuration is perfect for outings with friends, fishing excursions, and long trips that do not require high speeds.

The Classic Configuration is offered by default on all models except Vogue 29 SX, Vogue 27 SX, Vogue 27 XT, Vogue 27, and Voyageur 27.

★★★

SPEED CONFIGURATION

Want to go faster, cover greater distances, or get from A to B more quickly?

Add lifting strakes to your 2-log pontoon boat. You'll increase your maximum speed by 25 to 30%.

Available on all models except: Vogue 29 SX, Vogue 27 SX, Vogue 27 XT, Vogue 27, Vectra 19, Vectra 17, Jazz Series, Brio Series, and Voyageur Series.

★★★★

SPORT CONFIGURATION

Choose the perfect compromise between Speed and Performance Configurations: adding bow central half third log and lifting strakes to reach speeds while having an affordable configuration.

This configuration allows a motor range from 90 up to 200 horsepower. Available on 21 thru 25 foot long pontoons (Vectra, Sportfisher, Sportfisher LX, Quorum, and Vogue Series).

Available on all models except: Vogue 29 SX, Vogue 27 SX, Vogue 27 XT, Vogue 27, Vectra 19, Vectra 17, Jazz Series, Brio Series, and Voyageur Series.

★★★★★

PERFORMANCE CONFIGURATION

The Performance Configuration adds a third pontoon, which further increases maneuverability, stability, and buoyancy.

This allows your pontoon boat to handle a more powerful motor (up to 450 HP, Vogue Series only) that will propel you through the water more quickly. Perfect for water sports fans!

Available on all models except: Sportfisher Series, Vectra Series, Jazz Series, Brio Series, and Voyageur 21.

MORE POWER, MORE SPEED

The Performance Configuration is the best choice for thrill fans!

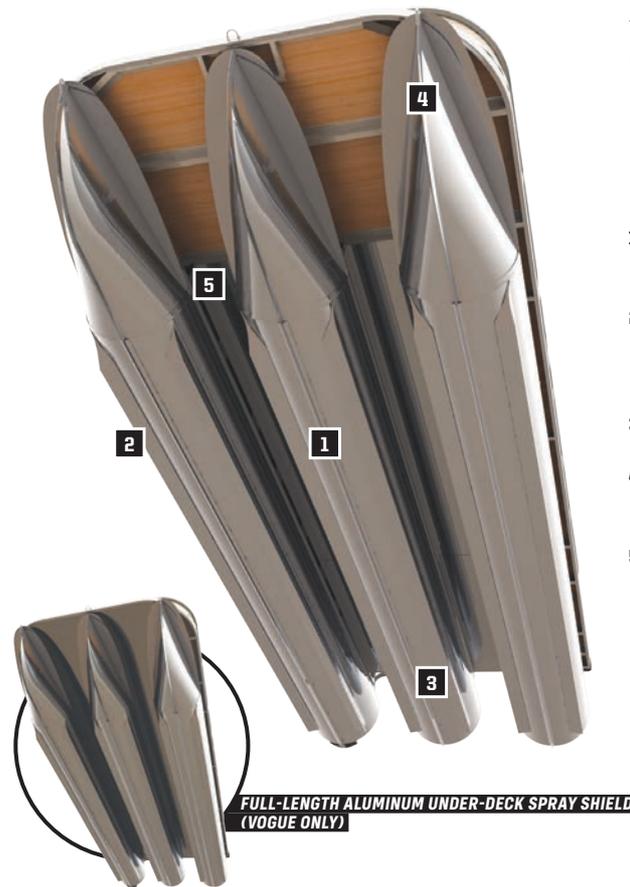

PONTOON SPECIFICATIONS

Includes 3rd log, aluminum under-deck spray shield¹, lifting strakes, 185 L/49 U.S. gal. gas tank, and an in-floor storage compartment².

The Performance Configuration is offered by default on the following models:

- › Vogue 29 SX, Vogue 27 SX, Vogue 27 XT, Vogue 27, and Voyageur 27.

¹ The aluminum under-deck spray shield is full-length on the Vogue Series
² The in-floor storage compartment is not available on the following models: Sportfisher LX 23-4S and Voyageur Series.

★★★★★

5 FEATURES OF THE PERFORMANCE CONFIGURATION

- 1 A third full-sized tube lets you install a more powerful motor and improves stability, performance, and load capacity.
- 2 Lifting strakes reduce the surface of tubes in the water, improving performance and helping the pontoon plane at high speeds.
- 3 Hydraulic steering improves maneuverability at high speeds.
- 4 Reinforced pressure points on stress zones (e.g., tube noses) absorb more impact and pounding from waves.
- 5 An under-deck aluminum spray shield prevents waves from hitting the cross channels for a smoother ride and better performance at high speed.

PERFORMANCE CONFIGURATION	APPROXIMATE WEIGHT	MAXIMUM HP CAPACITY*	MAXIMUM WEIGHT CAPACITY*	MAXIMUM WEIGHT PERSON CAPACITY*	MAXIMUM PERSON CAPACITY*

CUSTOM MULTIFUNCTION TRAILERS

YOUR CUSTOM-MADE, HEAVY DUTY PRINCECRAFT® TRAILER FOLLOWS YOU WHEREVER YOU GO TO MAKE YOUR LIFE EASIER!

FOR DECK BOATS

CUSTOMIZED TRAILER

- › Custom-made to fit your boat's hull
- › Composite fenders with built-in step pads
- › Large radial tires
- › Single or tandem axle, depending on boat size
- › Heavy duty winch
- › Load guides
- › Black or galvanized
- › Swing tongue

GALVANIZED, TANDEM-AXLE, SCISSOR-LIFT TRAILER

- › Convenient for shallow water
- › Engineered to lift pontoon out of the water or off the ground
- › Standard brakes

GALVANIZED, BUNK STYLE SINGLE-AXLE TRAILER

- › Available with Voyageur 21, Jazz 170 / 190 / 210-2S, Vectra 17 / 19 / 21 / 21 LT, and Sportfisher 21-2S / 21-4S models

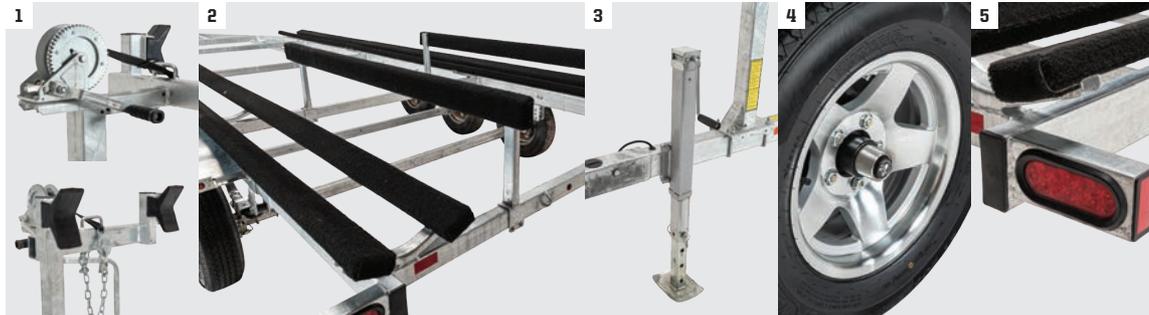

GALVANIZED, BUNK STYLE, SINGLE-, TANDEM-, OR TRIPLE-AXLE TRAILER

- › Designed for long distance travels
- › Superior load capacity
- › Standard brakes
- › Possibility of adding an optional conversion kit for 3-log pontoon models

- 1 Heavy-duty winch*
- 2 Carpeted load guides*
- 3 Tongue jack*
- 4 Optional mag wheels*
- 5 Waterproof recessed LED lights*

* On most models or optional

Most Princecraft® trailers are now equipped with this system

This ingenious system combines the advantages of grease and oil to create an ultra high performance lubricant. At room temperature, its viscosity is similar to that of grease. But as the bearings heat up, the lubricant becomes more fluid coating the bearings better to more effectively reduce friction and dissipate the heat generated during towing.

Each bearing is encased in a completely sealed, airtight, leak-proof, pressurized chamber.

CANVAS AND COVERS: A PERFECT FIT

INSIST ON CUSTOMIZED CANVAS TOPS AND COVERS FOR YOUR PONTOON OR DECK BOAT. AS ALWAYS, PRINCECRAFT'S STANDARD OF QUALITY ENSURES TOTAL SATISFACTION!

- › Made exclusively with durable marine quality fabric
- › Superior resistance to wear and tear
- › Superior water repellence thanks to a transparent acrylic coating
- › Precision fitted, high quality windows, zippers, and fasteners
- › Custom-designed for a perfect fit in a snap
- › Stows easily

BIMINI TOP¹

- › Allows a shadow area at the back and protects against light rain.

DOUBLE BIMINI TOP AND FULL CAMPER ENCLOSURE²

- › Protects your interior from bad weather
- › Optional front, side, and aft "privacy" curtains

TRAILER AND MOORING COVERS

- › Protects against dew, branches, rocks, and other hazards while traveling

QUICK-RELEASE BIMINI LATCHES³

- › Let you fold the top down for traveling or getting under bridges

¹ Standard with all models, except Voyageur Series.

² Available with some models.

³ Standard with Vogue, Quorum, Sportfisher LX, and all deck boats.

WARNING

Refer to your Owner's Manual for very important information on the dangers of carbon monoxide and using canvas while boating.
