Check out our Princecraft®
2023 FISHING BOATS catalog!

WORD FROM THE PRESIDENT

AFTER SEVERAL YEARS OF NAVIGATING AN UNCERTAIN SOCIO-ECONOMIC ENVIRONMENT, WE REMAIN FOCUSED ON WHAT MATTERS—PROVIDING YOU WITH DURABLE BOATS AND PONTOONS YOU CAN SAFELY ENJOY WITH YOUR FAMILY. WE HAVE ADJUSTED OUTPUT TO MEET GROWING MARKET NEEDS WHILE MAINTAINING THE EXCEPTIONAL QUALITY OF OUR BOATS.

Our secret? A team that shares your passion for adventure on the water. A team of more than 400 dedicated people at our manufacturing facility and offices who leave nothing to chance and give their all to deliver boats that meet our quality standards. We're also fortunate to have a vast network of experienced Princecraft® dealers we can rely on to bring you a trouble-free boating experience, wherever you are.

As we approach our 70th year in business, Princecraft® is on a roll and continues to be a trailblazing industry leader. We push our limits every day. We don't adapt to the trends of today—we set the trends for tomorrow.

We remain dedicated to our goal of creating unique experiences for fishing enthusiasts and recreational boaters like you. We are fortunate to have enjoyed your trust across the decades, and for this, we thank you.

May you enjoy many more boating adventures with family and friends in the years ahead!

RODIER GRONDIN, president

THE PONTOON: FREEDOM, GOOD COMPANY AND THE GREAT OUTDOORS

**PRINCECRAFT® KNOWS THAT CAREFREE TIME ON THE WATER
DEPENDS ON SAFE, WELL-BUILT BOATS.**

That's why we make durable aluminum pontoon boats using top-notch manufacturing processes and ultra-tough materials, including H36 marine grade aluminum alloy.

High-quality design techniques have set Princecraft® boats apart for more than 65 years. Our aluminum pontoon boats are no exception.

- › Our full-length aluminum floats are divided into watertight sections and sealed with airtight bulkheads. Each section is factory tested.
- › Z-shaped crosspieces and rigid aluminum M-brackets are securely riveted to the surface and reinforce the central structure.
- › The 3/4 in. pressure-treated plywood deck is covered with marine-grade carpet or vinyl, ready for your configuration of choice.

PERFORMANCE AND RELAXATION: DECK BOAT LIFE

WANT TO ENJOY LONG RELAXING DAYS ON THE WATER IN GOOD COMPANY AS WELL AS SOLO BOATING ADVENTURES? DECK BOATS OFFER THE BEST OF BOTH WORLDS.

DECK BOATS ARE HYBRIDS THAT COMBINE THE COMFORT OF A PONTOON BOAT AND THE PERFORMANCE OF A FISHING BOAT.

Their one-piece, V-shaped H36 aluminum hull improves planing and reduces fuel consumption. With their powerful Mercury® motor, ultra-comfortable seating and multiple equipment options, Princecraft® deck boats set the standard for quality and state-of-the-art design.

QUALITY THAT'S SECOND TO NONE

THE INNOVATIVE DESIGN OF PRINCECRAFT® DECK BOATS IS THE RESULT OF A THREE-STEP ASSEMBLY PROCESS: WELDING, RIVETING, AND ASSEMBLY WITH AERONAUTICAL ADHESIVE. WE INSPECT ALL RIVETED PARTS INDIVIDUALLY AND RUN THEM THROUGH LEAK TESTS IN WATER TANKS AT OUR PLANT.

The corrosion-resistant aluminum extrusion fastened to the centreline of the hull plays a key role in enhancing solidity by preventing warping and absorbing welding heat. This extrusion is secured with rivets that are individually tested in a high water pressure tank.

WHAT'S AN EXTRUSION?

According to the CeiAL,* a centre of aluminum expertise and innovation "the extrusion process consists in submitting an aluminum cylindrical billet to a hydraulic press matrix so the metal emerges in the desired form." We use extruded bars, angles, tubes and squares to ensure impeccable assembly of your boat's hull. These components limit breaks by absorbing heat as hull parts are welded together, thus preserving their mechanical properties. These corrosion-resistant extrusions are essential to making a boat that lasts. That's why they're integral to the manufacture of Princecraft® pontoons and the ultrasmooth hulls of our deck boats.

WHY ALUMINUM?

You'll find 40-year-old Princecraft® pontoons still cruising today. Our boats are made to last because we use premium materials, especially H36 aluminum. This alloy is exceptionally strong and stands up to impacts (with rock jetties and deadheads, for example) and the elements so you can land on rough shores without worrying about damaging your boat.

An aluminum boat is lighter than a fiberglass boat, so it planes better at low speed and is easier to transport. That means you can tow your boat without having to buy a new, more powerful vehicle. Your aluminum deck boat is also very safe, retains higher resale value and costs little to maintain.

* Source: Alu Québec. 2017. "Marine Transportation" (in French) <https://ceal-aluquebec.com/transport-maritime/> [August 2021].

5052-H36 ALLOY: DURABLE AND FLEXIBLE ALUMINUM

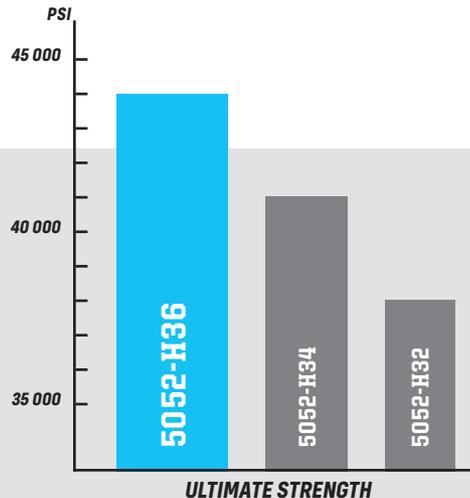

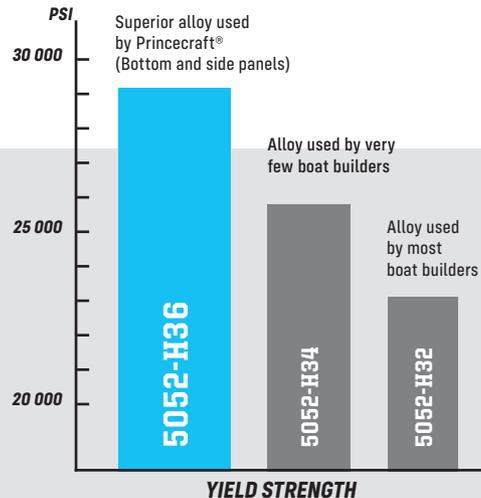

To make an alloy (a combination of aluminum and other elements, such as magnesium), large blocks of aluminum are compressed using a press. The more the aluminum is compressed, the stiffer and more shock- and warp-resistant it gets.

At Princecraft®, we use 5052-H36 aluminum alloy, which is 25% harder than what our competitors use (H34 or H32). Its yield strength and ultimate strength make it a material of choice in watercraft manufacturing. This is why all Princecraft® boat bottoms and sides are made with H36 aluminum.

Yield strength is the maximum amount of flexing a material can sustain and still return to its original shape. Once yield strength is exceeded, the material (in this case, H36 aluminum) cannot return to its original shape and will remain permanently marked or dented. On the water, this means that your H36 aluminum hull will flex more and dent less if you come into contact with rocks.

Ultimate strength is the pressure or weight that a material can withstand before breaking. H36 aluminum can sustain impacts of up to 44,000 pounds per square inch, reducing the risk of your boat developing cracks or leaks.

* Study conducted by Alcoa Innovation in 2011

H36 ALUMINUM AND SUSTAINABLE DEVELOPMENT

Aluminum is infinitely recyclable, and H36 marine grade aluminum is no exception. H36 can be used over and over again and retains the physical properties Princecraft® customers value: durability, shock resistance, and malleability.

TORN BETWEEN YOUR PASSIONS FOR BOATING AND FISHING?

WHY LIMIT YOURSELF WHEN THE LATEST ENTRY IN OUR VENTURA LINEUP OFFERS YOU EVERYTHING YOU NEED FOR FISHING AND FAMILY BOATING ADVENTURES? DESIGNED WITH THE TRADEMARK PRINCECRAFT® ONE-PIECE REVERSE CHINE HULL, THE VENTURA RL BOASTS INNOVATES WITH ITS MULTIFUNCTIONAL INTERIOR LAYOUT CRAFTED FOR MEMORABLE DAYS OF FAMILY FUN IN THE SUN AND FISHING WITH FRIENDS.

THE PRINCECRAFT® SIGNATURE ONE-PIECE HULL

While our competitors use two or even three pieces of aluminum to make their hull bottoms, Princecraft® takes a different approach, using a single weld-free piece of H36 aluminum that we cut and fold to form our boat bottoms. This manufacturing technique offers many advantages, including reduced vibration at high speeds, superior strength and water tightness, and outstanding resale value.

INNOVATIVE LAYOUT

The Ventura RL breaks new ground with its versatile interior layout. Designed for fun with family and friends, it delivers a wealth of fishing-friendly features without sacrificing an ounce of legendary Princecraft® performance.

With an L-shaped seat, a widen console and a twin bolster swivel captain's chair, the front of the Ventura RL is the perfect place for relaxing with friends and family. The rear features a multipurpose seat/tanning area and folding table, a perfect spot for refreshments.

With two fishing platforms located at bow and stern, a large in-floor storage compartment to store fishing rods or water skis and a 44" livewell to keep your catch fresh, the Ventura RL has everything it takes for great fishing. A front storage can hold up to 3 batteries and an additional seat.

WANT TO TAKE LONGER TRIPS? UPGRADE YOUR BOAT WITH SWIM PLATFORMS, A POP-UP PRIVACY ENCLOSURE, AND A CHEMICAL HEAD. NOW YOU'RE READY TO ENJOY NATURE HASSLE-FREE.

VENTURA RL

KEY STANDARD FEATURES

- › High performance deep-Vee reverse chine hull design
- › In-floor lockable ski storage compartment with holder storage
- › Built-in floor cooler
- › Wide fiberglass helm console with glove box, gauges, radio, wireless cell phone charger, and cup holders and smoked windscreen
- › Complete instrumentation: tachometer, voltmeter, speedometer, trim, and fuel gauges
- › No-FeedBack™ steering system with dual cable
- › 200-watt AM/FM/Bluetooth® Kicker® Stereo with integrated USB plug and auxiliary input (1/8") in console, including 4 waterproof speakers
- › Bolster captain's chair on slide and swivel (twin bolster captain's chair in 23 RL)
- › RL design: multi-positions seat module, sundeck, black folding pedestal mount removable table with cup holders and storage under all lounges
- › Leisure zone with lounge seats, L-shaped furniture with storage under all seats including cup holders and USB plugs
- › Black bimini top

OPTIONAL CONFIGURATIONS

SPEED, SPORT, AND PERFORMANCE

POWER AND SPEED: CHOOSE WHAT'S RIGHT FOR YOU

PRINCECRAFT® OFFERS A NUMBER OF PERFORMANCE CONFIGURATIONS TO ENSURE YOUR PONTOON BOAT IS PERFECTLY ADAPTED TO YOUR NEEDS. OUR ADVICE: CHOOSE THE ONE THAT WILL MEET ALL YOUR NEEDS FOR YEARS TO COME!

CLASSIC CONFIGURATION

These pontoon boats are equipped with a double pontoon, which provides stability, maneuverability, and a high degree of comfort for both driver and passengers. This configuration is perfect for outings with friends, fishing excursions, and long trips that do not require high speeds.

The Classic Configuration is offered by default on all models except Vogue® 27 XT and Vogue® 27 RL.

SPEED CONFIGURATION

Want to go faster, greater distances, or get from A to B more quickly?

Add reinforced tube noses and lifting strakes to your 2-log pontoon boat. You'll increase your maximum speed by 25 to 30%.

Available on all models except: Vogue® 27 XT, Vogue® 27 RL, Vectra® 19, Jazz Series and Brio® Series.

SPORT CONFIGURATION

Choose the perfect compromise between Speed and Performance Configurations: adding reinforced tube noses, bow central half third log, and lifting strakes to reach speeds while having an affordable configuration.

This configuration allows a motor range from 90 up to 200 horsepower. Available on 21 thru 25 foot long pontoons (Vectra®, Sportfisher, Sportfisher LX, Quorum®, and Vogue® Series).

Available on all models except: Vogue® 27 XT, Vogue® 27 RL, Vectra® 19, Jazz Series and Brio® Series.

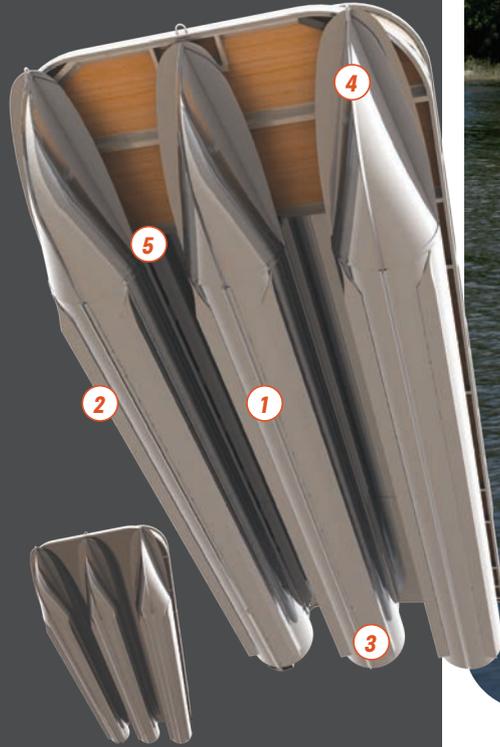

PERFORMANCE CONFIGURATION

The Performance Configuration adds a third pontoon, which further increases maneuverability, stability, and buoyancy.

This allows your pontoon boat to handle a more powerful motor (up to 450 HP, Vogue® Series only) that will propel you through the water more quickly. Perfect for water sports fans!

Available on all models except: Sportfisher 21-2RS, Sportfisher 21-4S, Sportfisher 21-2S, Vectra® 21 RL, Vectra® 21, Vectra® 19, Jazz Series and Brio® Series.

FULL-LENGTH ALUMINUM UNDER-DECK SPRAY SHIELD (VOGUE® ONLY)

5 FEATURES OF THE PERFORMANCE CONFIGURATION

- 1 A third full-sized tube** lets you install a more powerful motor and improves stability, performance, and load capacity.
- 2 Lifting strakes** reduce the surface of tubes in the water, improving performance and helping the pontoon plane at high speeds.
- 3 Hydraulic steering** improves maneuverability at high speeds.
- 4 Reinforced pressure points** absorb more impact and pounding from waves.
- 5 An under-deck aluminum spray shield** prevents waves from hitting the cross channels for a smoother ride and better performance at high speed.

MORE POWER, MORE SPEED
THE PERFORMANCE CONFIGURATION IS THE BEST CHOICE FOR THRILL FANS!

PONTOON SPECIFICATIONS

Includes 3rd log, aluminum under-deck spray shield¹, lifting strakes, reinforced tube noses, 185 L/49 U.S. gal. gas tank, and an in-floor storage compartment².

The Performance Configuration is offered by default on the following models:

- > Vogue® 27 XT and Vogue® 27 RL.

¹ The aluminum under-deck spray shield is full-length on the Vogue® Series.

| PERFORMANCE CONFIGURATION | APPROXIMATE WEIGHT | MAXIMUM HP CAPACITY* | MAXIMUM WEIGHT CAPACITY* | MAXIMUM WEIGHT PERSON CAPACITY* | MAXIMUM PERSON CAPACITY* |

CUSTOM MULTIFUNCTION TRAILERS

YOUR CUSTOM-MADE, HEAVY DUTY PRINCECRAFT® TRAILER FOLLOWS YOU WHEREVER YOU GO TO MAKE YOUR LIFE EASIER!

MOST PRINCECRAFT® TRAILERS ARE EQUIPPED WITH THIS SYSTEM

This ingenious system combines the advantages of grease and oil to create an ultra high performance lubricant. At room temperature, its viscosity is similar to that of grease. But as the bearings heat up, the lubricant becomes more fluid coating the bearings better to more effectively reduce friction and dissipate the heat generated during towing.

Each bearing is encased in a completely sealed, airtight, leak-proof, pressurized chamber.

- 1 Heavy-duty winch*
- 2 Carpeted load guides*
- 3 Waterproof recessed LED lights*

- 4 Tongue jack*
- 5 Optional mag wheels*

* On most models or optional

CUSTOMIZED TRAILER FOR DECK BOATS

- › Custom-made to fit your boat's hull
- › Composite fenders with built-in step pads
- › Large radial tires
- › Single or tandem axle, depending on boat size
- › Heavy duty winch
- › Load guides
- › Black or galvanized
- › Swing tongue

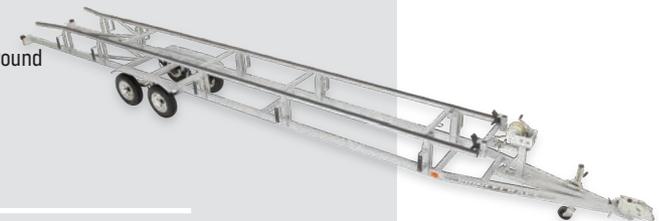

GALVANIZED, TANDEM-AXLE, SCISSOR-LIFT TRAILER

- › Available with Jazz Series, Brio® Series, Vectra® 19 / 21 / 21 RL, and Sportfisher 21-2S / 21-2RS / 21-4S

GALVANIZED, TANDEM-AXLE, SCISSOR-LIFT TRAILER

- › Convenient for shallow water
- › Engineered to lift pontoon out of the water or off the ground
- › Standard brakes

GALVANIZED, BUNK STYLE, SINGLE-, TANDEM-, OR TRIPLE-AXLE TRAILER

- › Designed for long distance travels
- › Superior load capacity
- › Standard brakes
- › Possibility of adding an optional conversion kit for 3-log pontoon models

CANVAS AND COVERS: A PERFECT FIT

INSIST ON CUSTOMIZED CANVAS TOPS AND COVERS FOR YOUR PONTOON OR DECK BOAT. AS ALWAYS, PRINCECRAFT®'S STANDARD OF QUALITY ENSURES TOTAL SATISFACTION!

- › Made exclusively with durable marine quality fabric
- › Superior resistance to wear and tear
- › Superior water repellence thanks to a transparent acrylic coating
- › Precision fitted, high quality windows, zippers, and fasteners
- › Custom-designed for a perfect fit in a snap
- › Stows easily

BIMINI TOP¹

- › Allows a shadow area at the back and protects against light rain

DOUBLE BIMINI TOP AND FULL CAMPER ENCLOSURE²

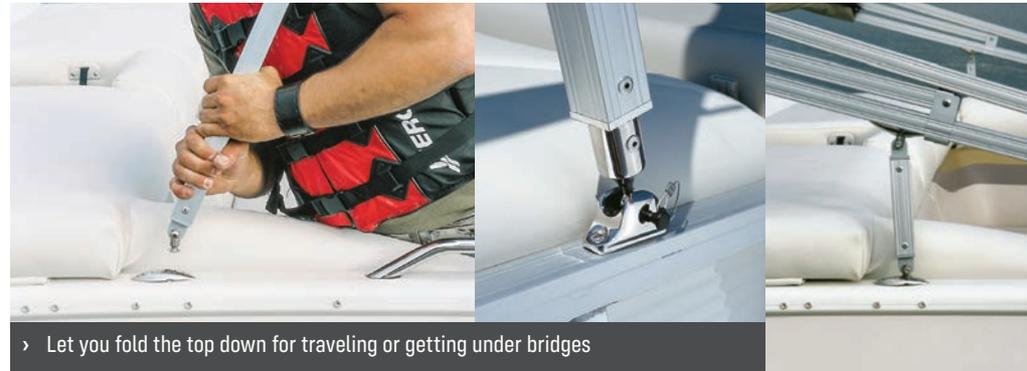

- › Protect your interior from bad weather
- › Optional front, side, and aft "privacy" curtains

TRAILER AND MOORING COVERS

- › Protect against dew, branches, rocks, and other hazards while traveling

QUICK-RELEASE BIMINI LATCHES³

- › Let you fold the top down for traveling or getting under bridges

¹ Standard with all models, except Jazz 140-2RS.

² Available with some models.

³ Standard with Vogue®, Quorum®, Sportfisher LX, and all deck boats.

WARNING

Refer to your Owner's Manual for very important information on the dangers of carbon monoxide and using canvas while boating.
